Proper use

The SOEHNLE Aroma Diffuser must be used exclusively to improve the fragrance in a room. It has no memory function and can be connected to each USB port (laptop, AC adapter with USB socket, etc.). We recommend using fragrance oils by SOEHNLE. Please read these user instructions prior to the first startup of the device.

Remarks

- This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved.
- Children shall not play with the appliance.
- Cleaning and user maintenance shall not be made by children without supervision.
- The device may only be used with the recommended agent. The use of other substances can cause poisoning or fire.
- Please pay attention to the warnings on the packaging of the fragrances used
- Do not attempt to repair or modify the product.

Start-up Operation

Fill the device only while the unit is disconnected!

EC Conformity

This device complies with the applicable EC Directive 2011/65/EC (www.soehnle.com).

Disposal of electric and electronic devices
EC Directive 2002/96/EC

This product is not to be treated as regular household waste but must be returned to a collection point for recycling electric and electronic devices. Further information is available from your municipality, your municipality's waste disposal services, or the retailer where you purchased your product.
