INSTALLATION INFORMATION

Installation should take less than 1 hour per A/C unit. If you do not see your wiring diagram on our support pages, send us a picture – using our ticket support system – of your A/C diagram which is usually found under the rooftop A/C cover, and we will customize it for you absolutely free. There are no user-serviceable parts inside the SoftStartRV unit. The circuitry inside the unit is sealed in resin during manufacture to ensure a long life, and to protect the components from vibration, heat and cold. Warranty: In the unlikely event a unit is faulty, we will replace it up to one year from your purchase date under our Unconditional Warranty

FREE EXTENDED WARRANTY

To extend your warranty to TWO YEARS, TOTALLY FREE, here's what to do:

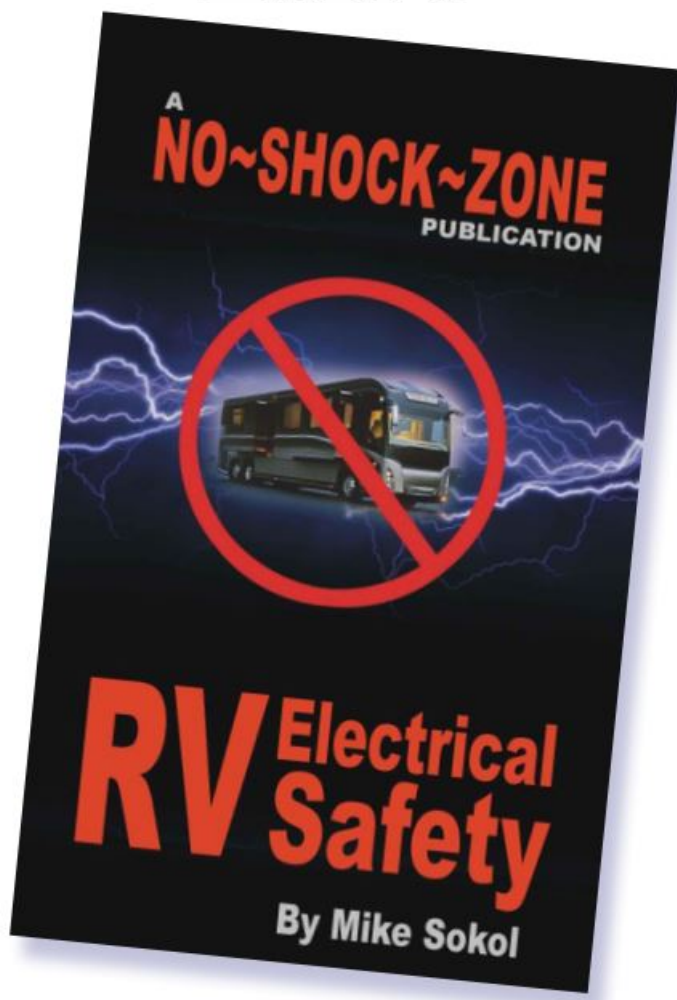

1. Install the SoftStart RV unit. Use it and enjoy uninterrupted cooling comfort, then visit:

SoftStartRV.com/extended-warranty-application.

2. Fill in the form and add a nice review/testimonial that we may use on our website. If we use your review, we will not use your full name to protect your privacy. If you purchased on Amazon, simply leave a review on Amazon and send us the link as confirmation. We will extend your Warranty to 2 years.
