Solution LUX200 Silver Birch Log Set

Product Information

The product is a set of logs designed for use in a fire. The logs are fragile and should be handled with care during

unpacking. Each log is individually numbered and comes in its own bag, which should be kept until installation to identify the log numbers. The product is available in different sizes: LUX75, LUX100, LUX125, LUX150, and LUX175.

Product Usage InstructionsLog Placement

1. Carefully place the logs onto the fuel bed of the fire.
2. Note that the suggested log layouts shown in the manual are just recommendations.
3. You can arrange the logs in any manner that suits your personal preference.
