Operating Instruction

Power of

To avoid electric shocks, please consult the dealer or a qualified professional for help when installing and repairing! Please do not touch the switch during use.

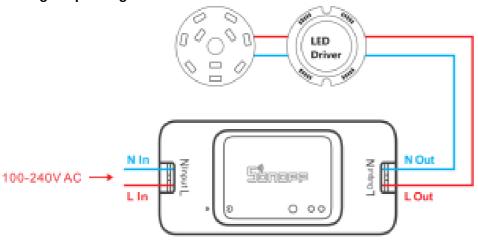

Wiring instruction

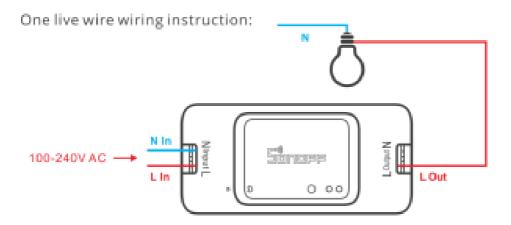

Remove the Protective cover, then connect wires before fixing the wire fastener.

① To make sure a full installation, please align" • " with " • " when securing the protective cover.

Ceiling lamp wiring instruction

(!) Make sure the neutral wire and live wire connection is correct.

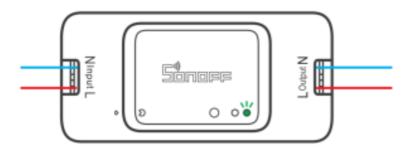

Download APP

Android™ & iOS

Power on

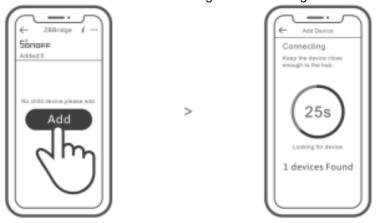

After powering on, the device will enter the pairing mode during the first use and the ZigBee LED signal indicator flashes.

The device will exit the pairing mode if no next operation for a long time. If enter again, please long press the pairing button for 5s until the ZigBee LED signal indicator flashes and release.

Add sub-devices

① Connect the SONOFF ZBBridge before adding the sub-device.

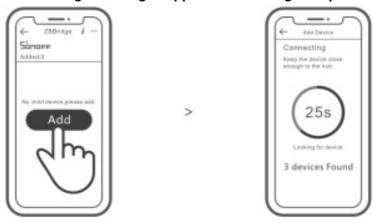

Access eWeLink APP, select the Bridge that you want to connect, and tap "Add" to add a sub-device, and be

patient until pairing completes.

① If the addition failed, move the sub-device closer to the Bridge and try again.

SONOFF ZigBee Bridge supports connecting multiple sub-devices at the same time.

Power the Bridge on, set the sub-device to the pairing mode. Then access the Bridge page in the eWeLink APP to tap "Add", and be patient until the pairing completes.

More APP application platforms and gateway recommendations

This device supports the following gateways besides SONOFF ZigBee

Echo Studio

Echo Plus (model: ZE39KL)

2nd Gen Echo Show (model: DW84JL)
