4. Handle the product with care, as it weighs approximately 10 g (0.4 ounces).

About this product

- This media can be used with CFexpress Type B Memory Card compatible products.
- For the details on operations with compatible products, please refer to the product instruction manual.
- Proper operation with all other products is not guaranteed.
- This media is formatted before shipping. To reformat this media, use CFexpress Memory Card compatible

products. For details, refer to the product instruction manual or support center.

- When this media is not recognized with your product, turn the power off and on again or restart the product after removing this media.
- For more information about this media, compatible products, and downloading software, please refer to the following URL. <https://www.sony.net/cfea/>
- To use this media with a personal computer, a card reader is required (sold separately).
- Copyright law prohibits unauthorized use of recordings.
- Recorded data is not erased by formatting or deleting the product. When transferring or disposing, it is your responsibility to break off the data in this media by using specially data erasing software or breaking this media physically.
- Recorded data may be damaged or lost in the following situations.
 - If you remove this media or turn off the power while formatting, reading, or writing data.
 - If you use this media in locations subject to static electricity or electrical noise.
- We recommend that you make a backup copy of important data.

Notes on use

- Do not leave the camera, the supplied accessories, or memory cards within the reach of infants. They may be accidentally swallowed. If this occurs, consult a doctor immediately.
- This memory card may become hot after extended use. Use caution when touching it.
- Do not insert this product in a slot that does not support CFexpress Type B memory cards.
- To avoid the risk of damage or a malfunction, observe the following:
 - Do not touch the terminal with your hand or any metal object.
 - Do not subject the media to strong impacts or bend, drop, or wet the media intentionally.
 - When this media becomes wet or dirty, wipe it off before use.
 - Do not use this unit in a place subject to water splashes, high humidity, dust, oil fumes, and steam.
 - Do not disassemble or alter this unit.
 - Do not use or store this unit in a place subject to high temperatures and humidity.
 - Do not put a label on this media.
- To store this unit, avoid any locations subject to extremely high/low temperatures, high humidity, or direct sunlight.
- Abuse or misuse will invalidate the product warranty.
- Sony shall not be responsible for any damage to or loss of recorded data.
- Consult the dealer or an experienced radio/TV technician for help.

CAUTION

You are cautioned that any changes or modifications not expressly approved in this manual could void your authority to operate this equipment.

Note:

This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used according to the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Disposal of old electrical & electronic equipment (applicable in the European Union and other countries with separate collection systems)

This symbol on the product or its packaging indicates that this product shall not be treated as household waste. Instead, it shall be handed over to the appropriate collection point for the recycling of electrical and electronic equipment. By ensuring that this product is disposed of correctly, you will help to prevent potential negative consequences for the environment and human health, which could be caused by inappropriate waste handling of this product. The recycling of materials will help to conserve natural resources. For more detailed information about recycling this product, please contact your local Civic Office, your household waste disposal service, or the shop where you purchased the product.

For Customers in the Republic of India

- Reduction in the Use of Hazardous Substances in Electrical & Electronic Equipment
- This product and its components, consumables, parts or spares comply with the hazardous substances restriction of India's E-Waste (Management) Rules. The maximum allowable concentrations of the restricted substances are 0.1% by weight in homogeneous materials for Lead, Mercury, Hexavalent Chromium, Polybrominated Biphenyls (PBB) and Polybrominated Diphenyl Ethers (PBDE), and 0.01% by weight in homogeneous materials for Cadmium, except for the exemptions specified in Schedule II of the aforesaid Rules.
