To minimize electromagnetic interference (EMI), place Game Drive at least 10 cm (4 in) from the PlayStation® console.

For customer support, visit www.seagate.com/support/game-drive-ps.

Note: To protect your data, always follow the safe removal procedures for your operating system when disconnecting your product.

To review the details of your drive's warranty, open the Seagate Retail Limited Warranty Statement on your drive or go to www.seagate.com/retailwarranty. To request warranty service, get information regarding customer support within your jurisdiction (including on compatibility issues with PS5™ system software version 21.01-03 or later | PS4™ system software version 4.5 or later), or to obtain information regarding the location of authorized Seagate service centers go to www.seagate.com. To review the end user license agreement applicable to this drive, go to www.seagate.com/legal-privacy/end-userlicense-agreement.

Seagate and Sony Interactive Entertainment LLC (SIE) exclude all liability for loss of data, loss of profit, or any loss or damage suffered by you or any third party, whether those damages are direct, indirect, consequential, special, or incidental, as a result of using this product.

FCC DECLARATION OF CONFORMANCE

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

CLASS B This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in residential installation.

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/ TV technician for help.

CAUTION: Any changes or modifications made to this equipment may void the user's authority to operate this equipment.
