## Notice

This product complies with the radio interference requirements of the European Community.

### Declaration of Conformity

Hereby, Anker Innovations Limited declares that this product is in compliance with Directives 2014/53/EU & 2011/65/EU and amendment (EU) 2015/863. The full text of the EU declaration of conformity is available at the following internet address: <https://www.soundcore.com>.

**Maximum output power:** 10.93 dBm

**Frequency band:** 2.4G band (2.402GHz-2.480GHz)

■■■ This symbol means the product must not be discarded as household waste, and should be delivered to an appropriate collection facility for recycling. Follow local rules and never dispose of the product and rechargeable batteries with normal household waste. Correct disposal of old products and rechargeable batteries helps prevent negative consequences for the environment and human health.

## FCC Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**Warning:** Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

## Radiation Exposure Statement

FCC RF Exposure requirements: The highest SAR value reported under this standard during product certification for use next to the Body/ Limb with the minimum separation distance of 0 mm. This transmitter must not be collocated or operating in conjunction with any other antenna or transmitter.

**Company Name:** Fantasia Trading LLC

**Address:** 5350 Ontario Mills Pkwy, Suite 100, Ontario, CA 91764

**Telephone:** +1 (800) 988 7973

## IC NOTICE TO CANADIAN USERS

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic

**Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:**

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device
