Spectrum SR-002-R Remote Control User Guide

Program your remote using Auto-Search:

1. Turn on the TV you want to program.
2. Press and hold the **Menu** + **OK** buttons simultaneously until the Input button blinks twice.
3. Press **TV Power**. The Input button should light up solid.
4. Aim the remote at your TV and press and hold the **UP** arrow.
5. Once the device turns off, release the **UP** arrow. Your remote should store the code.

GETTING START Install Batteries

1. Apply pressure with your thumb and slide the battery door to remove it.

2. Insert two AA batteries. Match the + and – marks

3. Slide the battery door back into place.

PROGRAM YOUR REMOTE Setup for Popular TV Brands

This step covers setup for the most common TV brands. If your brand is not listed, please proceed to PROGRAMMING YOUR REMOTE FOR TV AND AUDIO CONTROL.

1. Ensure that your TV is powered on

2. Simultaneously press and hold MENU and OK keys on remote until the INPUT key blinks twice.

3. Press and release the TV POWER key once.

4. Find your TV brand in the chart to the right and note the digit that relates to your TV brand. Press and hold down the digit key.

Digit	TV Brand
1	Insignia / Dynex
2	LG / Zenith
3	Panasonic
4	Philips / Magnavox
5	RCA / TCL
6	Samsung
7	Sharp
8	Sony
9	Toshiba
0	Vizio

5. Release the digit key when the TV turns off. Setup is complete. If this was not successful or if you have an audio device in addition to your TV, please proceed to PROGRAMMING YOUR REMOTE FOR TV AND AUDIO CONTROL.

QUESTIONS OR CONCERNS Troubleshooting

Problem: INPUT key blinks, but remote doesn't control my equipment.

Solution: Follow the programming process in this manual to set up your remote to control your home theater equipment.

Problem: The INPUT key doesn't light up on the remote when I press a key.

Solution: Ensure that the batteries are functional and are inserted properly.
Replace the batteries with two new AA-size batteries.

Problem: My remote won't control my equipment.

Solution: Be sure that you have a clear line of sight to your home theater equipment.

Programming Your Remote for TV and Audio Control Programacion

This step covers setup for all TV and audio brands. For faster setup, be sure to locate your device brand in the code list before beginning setup.

1. Ensure that your TV is powered on.

2. Simultaneously press and hold MENU and OK keys on remote until the INPUT key blinks twice.

3. Enter the first code listed for your brand. The INPUT key will blink twice to confirm when complete.

4. Test volume and TV power functions. If the device responds as expected, setup is complete. If not, repeat this process using the next code listed for your brand. If you have an audio device in addition to your TV, please repeat steps 1-4 listed here with your audio device.
