StarTech.com I16T2 4-Way Privacy Screen for iPhone

Specifications

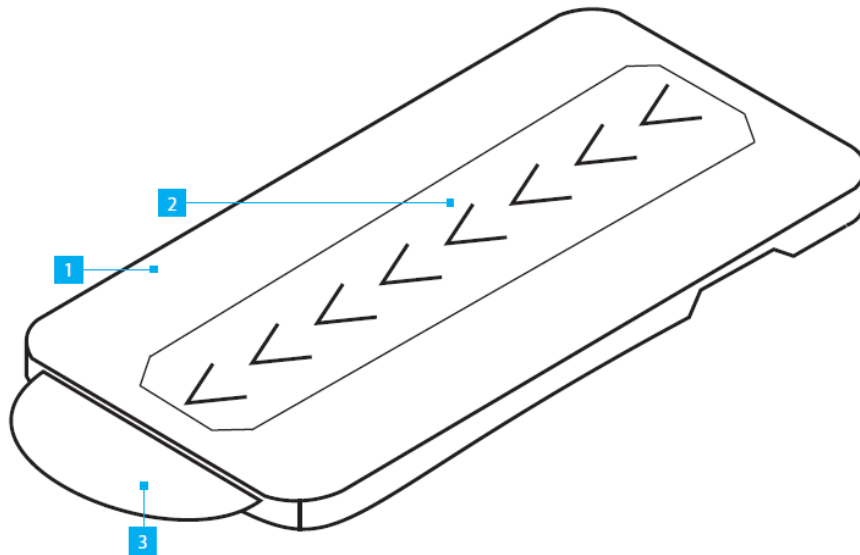

- Product Name: iPhone Privacy Filters – Tempered Glass
- Components: 1 Applicator Frame, 2 Pressure Window, 3 Application Tab
- Function: Privacy filter for iPhone screens

Installation Instructions

1. Ensure that the screen is thoroughly cleaned with the included Screen Cleaning Kit prior to installation.
2. Clean the screen using the Wet Wipes, then dry it using the Wiping Cloth. Use the Dust Remover to dab the screen and pick up dust particles or other debris.
3. Press the Application Frame against the phone while pulling the Application Tab.
4. Lift the Application Frame slowly to remove the top protective film.
5. If bubbles are present, wait 15 seconds before using the Squeegee to push them toward the edges for removal.

Installation Instructions for iPhone Privacy Filters – Tempered Glass

Compatible phone

Package Contents

- Filter Applicator x 1
- Screen Cleaning Kit x 1
- Squeegee (included with some models) x 1
- Quick-Start Guide x 1

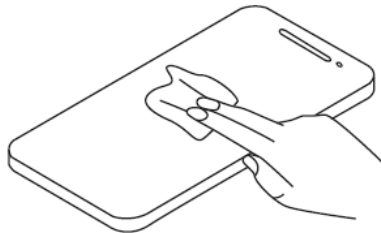

Installation

Note: Ensure that the Screen is thoroughly cleaned with the included Screen Cleaning Kit before installation.

Dust, lint, or debris trapped between the screen and the privacy filter may cause bubbles or visual distractions, which can be more noticeable depending on the displayed content.

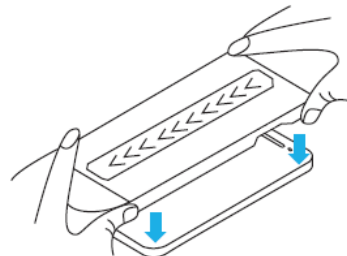

- **Note:** Clean the Screen using the Wet Wipes, then dry it using the Wiping Cloth. Use the Dust Remover to Dab the Screen and pick up dust particles or other debris.
- **Note:** Press the Application Frame against the phone while pulling the Application Tab.
- **Note:** Slide a finger through the Pressure Window 4 – 6 times, applying even pressure on the screen.
- **Note:** Lift the Application Frame slowly to remove the top protective film.
- **Note:** If bubbles are present, wait 15 seconds before using the Squeegee to push them toward the edges for removal.

1

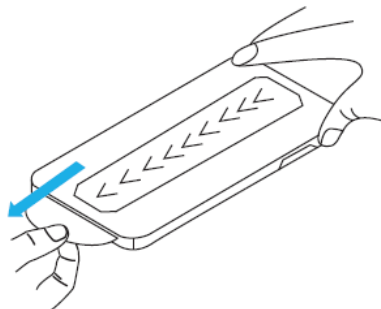

Note: Clean the Screen using the Wet Wipes, then dry it using the Wiping Cloth. Use the Dust Remover to Dab the Screen and pick up dust particles or other debris.

2

3

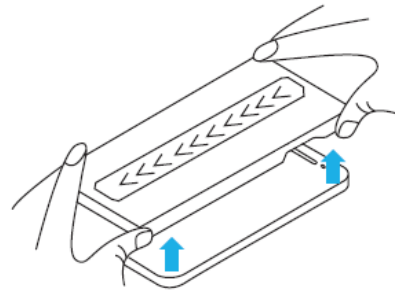

Note: Press the Application Frame against the phone while pulling the Application Tab.

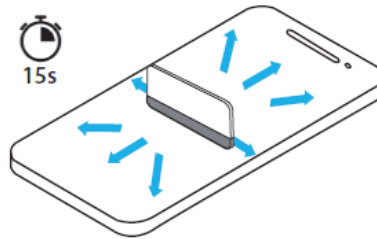

4

Note: Slide a finger through the Pressure Window 4 – 6 times applying even pressure on the screen.

Note: Lift the Application Frame slowly to remove the top protective film.

Note: If bubbles are present, wait 15 seconds before using the Squeegee to push them toward the edges for removal.
