Powering the SoundBar by USB

You can also hardwire the SoundBar by connecting the USB A to USB C cable.

1. Plug in the smaller end (USB C) of the charging cable into the back of the soundbar, and the larger end into a free USB port

Legal information

Please keep this instruction manual for future reference. If you require any help or assistance please contact help@abptech.co.uk or visit stealthgaming.net

To prevent possible hearing damage, do not listen at high volume levels for long periods.

Warranty

This product is guaranteed for a period of one year from the date of purchase. During this period if there is a defect due to faulty materials, or workmanship the retailer from whom you purchased it will replace it with the same or a similar model on production of your purchase receipt or proof of purchase. This guarantee does not cover defects arising from accidental damage, misuse or wear and tear, and is available only to the original purchaser of the product. This does not affect your statutory rights.

Important Safeguards & Precautions

- Children should always be supervised when using this product
- This unit is for indoor use only, do not expose to dust, direct sunlight, wet weather conditions, high humidity, high temperatures or mechanical shock
- Do not expose to splashing, dripping, rain or moisture. Do not immerse in liquid
- Do not position the cables where it would be subjected to extreme heat or flames
- Keep cables away from oil or sharp objects
- Avoid any unnecessary strain of cables
- Never carry the soundbar by the USB cable
- Do not disassemble; there are no serviceable parts inside
- For external cleaning, use a soft, clean, damp cloth only. Use of detergents may damage the cabinet finish and leak inside

Battery Care

- The soundbar is only to be charged under adult supervision
- Do not leave the battery on charge for longer than 8 hours
- We do not recommend leaving the battery on charge overnight or while unattended
- Never dispose of batteries in fire, as this can cause them to explode
- Do not short out the battery or charging terminals or carry batteries in your pocket
- The supply terminals are not to be short-circuited
- Do not attempt to remove the soundbar built in battery pack, it is not replaceable
- Do not charge your Battery Pack on flammable surfaces. i.e. Couches, mattresses etc
- Ensure plenty of ventilation

Recycling

Where you see this symbol on any of our electrical products, batteries or packaging, it indicates that the relevant electrical product or battery should not be disposed of as general household or Turkey. To ensure the correct waste treatment of the product and battery, please dispose of them in accordance with any applicable local laws or requirements for disposal of electrical equipment/batteries. In so doing, you will help to conserve natural resources and improve standards of environmental protection in treatment and disposal of electrical waste. The recycling and processing of Waste Electrical and Electronic Equipment will make a significant contribution towards helping protect the environment by reducing landfill waste.

Marking of this symbol indicates this product conforms to Electromagnetic Compatibility Regulations 2016 issued by the UK.
