 - A: The default Wi-Fi password can be found in the Wi-Fi Settings section of your optical device.

Stream Vision 2 Manual

How to install Stream Vision 2

Step 1

Download Stream Vision 2 App from Google Play.

Step 2

Tap Stream Vision 2 icon on your Android device to start Stream Vision 2 Application.

How to pair optical device and mobile device

Step 1

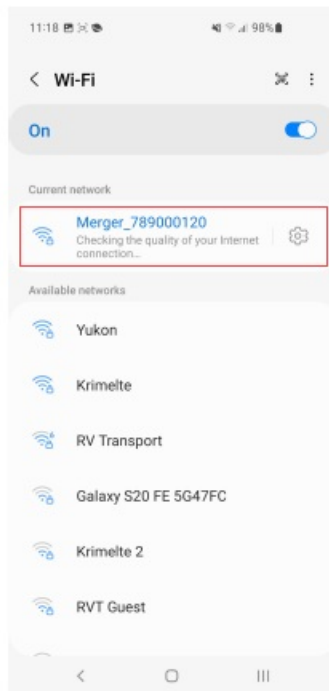

Turn on the device by pressing the power button.

Step 2

Turn on Wi-Fi in the settings of your device.

Step 3

On your smartphone go to "Settings" "Wi-Fi" and connect to the device's network (contains the name of your optical device).

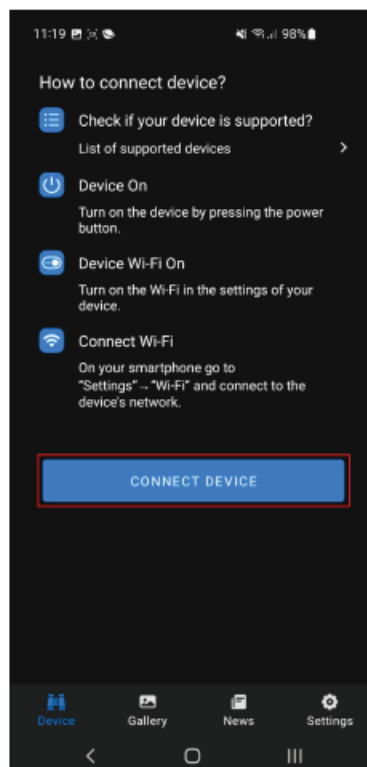

Step 4

Launch Stream Vision 2 App.

Step 5

Tap “Connect device” button.

The default Wi-Fi password in your optical device is unique. You can find the password in the Wi-Fi Settings

Password Setup

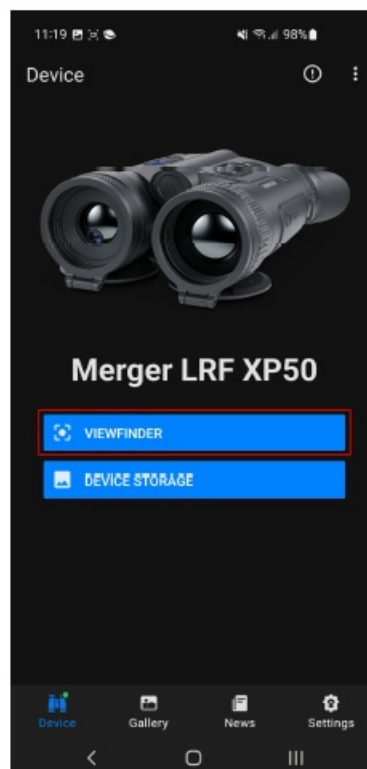

section in the main menu of your device.

How to control your optical device using a mobile device

Step 1

Tap "Viewfinder". In the "Viewfinder", you can see the live broadcasted image from the device, change your device's image settings, turn on video recording and take photos.

Step 2

Tap Settings icon

in the top right corner to change other settings of your optical device, it will open Settings tab.

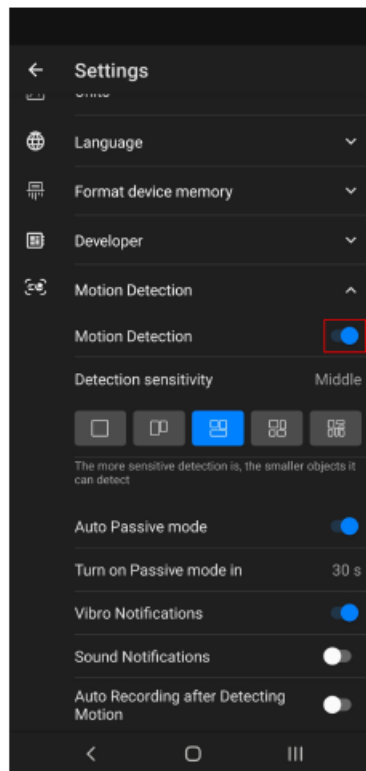

Step 3

Motion detection function

To track moving objects in the field of view of the device, briefly press the switch next to the “Motion detection” item to the position

Moving objects will be indicated by a blue frame.

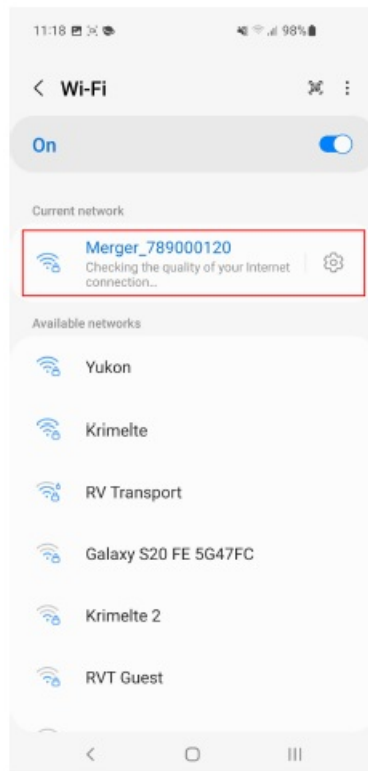

Below you can adjust feature settings

- Select sensitivity level of motion detection.
- Enable automatic passive mode at set time intervals. In passive mode the screen is locked to avoid accidental exit from the application.
- Enable/disable vibro or sound notifications.
- Automatically activate video recording when a moving object is detected.

How to update firmware of your optical device

Step 1

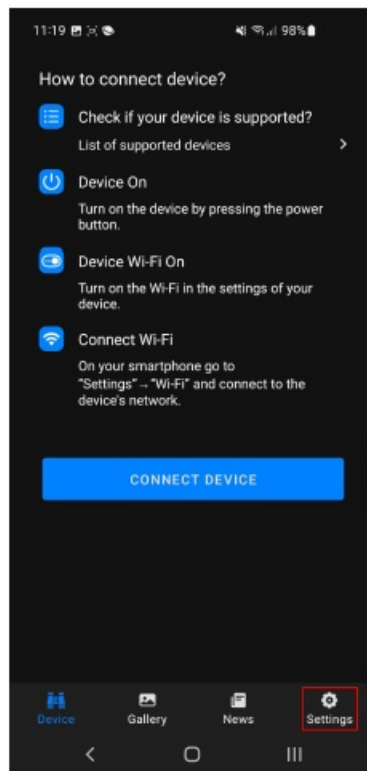

Connect your optical device to your mobile device (phone or tablet) via Wi-Fi.

Step 2

Launch the app, tap “Connect device” and check your device in the list of devices in “Settings”

Step 3

If you don't have internet access via mobile data, disconnect your phone from your device's Wi-Fi network and connect to internet

Step 4

Open the Stream Vision 2 app.

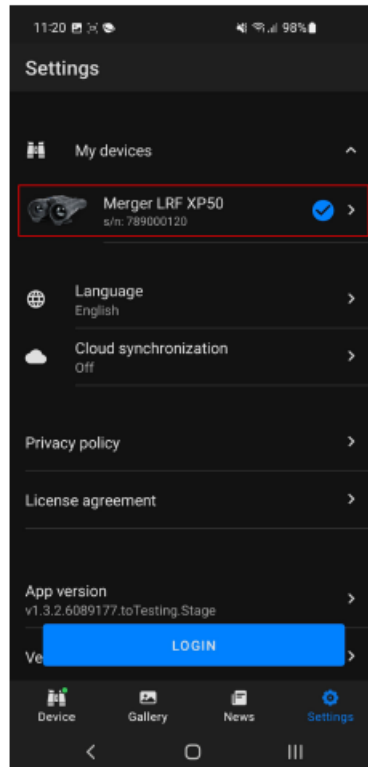

Step 5

Go to the "Settings" tab in the Stream Vision 2 bottom menu.

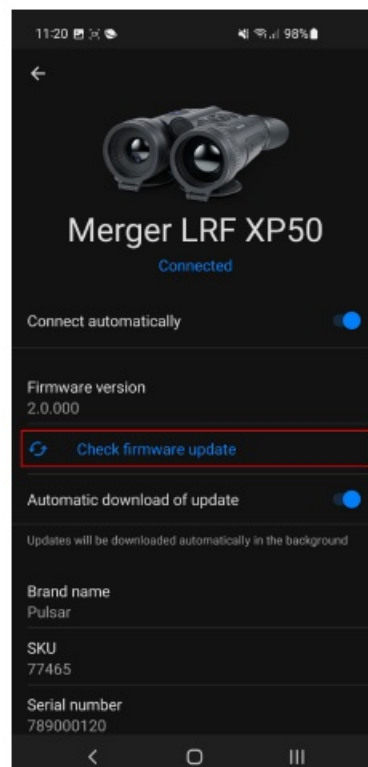

Step 6

Select your device in “My devices”.

Step 7

Tap “Check firmware update”.

Step 8

If new firmware is available the link will change to “Install firmware update”. Connect to your optical device.

Step 9

Tap “Install firmware update”.

The application transfers firmware to your optical device, the process may take up to several minutes. Once update installation is completed, the firmware number in the device information will change.

Important!

Before performing the update please make sure that your optical device is fully charged.

The default Wi-Fi password in your optical device is unique. You can find the password in the Wi-Fi Settings

Password Setup

section in the main menu of your device.

Legal compliances and disclaimers

The manufacturer reserves the right to make changes to the device software and mobile application at any time, without mandatory prior notice to the Customer (subject to the applicable laws and regulations, if any).

Limitation of Liability. Subject to mandatory applicable laws and regulations: manufacturer will not be liable for any claims, actions, suits, proceedings, costs, expenses, damages or liabilities (if any), arising out of the use of this product. Operation and use of the product are the sole responsibility of the Customer. Manufacturer's sole undertaking is limited to providing the product(s) and related services in accordance with the terms and conditions of concluded transactions, including provisions established in warranty. The provision of products sold and services performed by Manufacturer to the Customer shall not be interpreted, construed, or regarded, either expressly or implied, as being for the benefit of or creating any obligation toward any third party (other than Distributor, Dealer, Buyer). Manufacturer's liability hereunder for damages, regardless of the form or action, shall not exceed the fees or other charges paid to Manufacturer for the product(s) and/or service(s).

MANUFACTURER WILL NOT BE LIABLE FOR LOST REVENUES OR INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL, EXEMPLARY, OR PUNITIVE DAMAGES, EVEN IF THE MANUFACTURER KNEW OR SHOULD HAVE KNOWN THAT SUCH DAMAGES WERE POSSIBLE AND EVEN IF DIRECT DAMAGES DO NOT SATISFY A REMEDY.
