Streamlight 66609 USB Rechargeable Flashlight

IMPORTANT!

The Microstream® USB must be charged before first use.

Caution: LED Radiation (RG-2) – Do not stare into the beam. May be harmful to the eyes.

USING THE LIGHT

- Push button tail switch – momentary or constant on operation.
- Two light output modes. Black color = Low and High. Coyote color = High and Low
- Changing light level – double tap the switch to change the light level. Click the switch to lock the light on at that level.
- Light uses Streamlight's (350 mAh) Lithium Ion cell with an onboard safety circuit. Rechargeable up to 300 times. NOTE: when you get to 300 charges the battery will take approximately 70% of the original charge value.
- O ring sealed, sliding cover to protect the lights Micro USB charging port from debris and water infiltration.

CHARGING INFORMATION

- Fully charge your flashlight before first use. To charge the battery – Turn the light off. Slide the head cover forward on the light until it stops to expose the micro USB connector and charge indicator LED.
- Using the supplied cord, plug the micro USB connector into the mating socket on the light. Plug the standard USB connector into a USB port on your computer or other USB-accessible port.
- **Charge indication LED:** LED Red – Charging; LED Green – Charged.
NOTE – If there is no battery in the light, the charge indicator LED will immediately light up Green.
- The light has a digital control circuit that prevents overcharge. The battery fully recharges in 4 hours and charges the battery in the light. (4 HR charge time assumes 500mA output USB connection. USB power ports can range from 100 to 500 mA)

- **Run Time Note** – In the last 10 minutes, the light will drop off dramatically. There are “no end of run time notifications”, the light will simply turn off.

BATTERY REPLACEMENT

To replace the Streamlight Li-Ion cell. Remove the tail cap by rotating it counterclockwise. Slide the battery out and replace it with a Streamlight 66607 lithium battery. Slide the new battery into the barrel with the positive end entering the barrel first. Replace the tail cap. PRODUCT

REGISTRATION: To register your product, go to www.streamlight.com (Online Product Registration). Retain your receipt or any proof of purchase.

WARNING: Be sure to use only genuine Streamlight® replacement parts.

Important: To assure product safety and reliability, repairs other than those listed below should be performed at the Streamlight factory. Always use Streamlight-approved replacement parts, substitution may invalidate the underwriter’s approval.

FEATURES

	250 LUMENS	50 LUMENS
	1.5h	3.5h
	68m	31m
	1,150cd	250cd

ULTRA-COMPACT, USB RECHARGEABLE
LITHIUM ION BATTERY-POWERED
PERSONAL LIGHT

- **High Brightness:** With a strong 250-lumen output, it’s easy to see in a variety of situations.
- **Long Beam Distance:** It can send out a beam up to 68 metres away, which means it can reach and cover more areas.
- **Dual Light Modes:** It has both high and low light modes so the user can choose the right amount of light for their needs.
- **Long Runtime:** It runs continuously for 1.5 hours on high mode and 3.5 hours on low mode, so you can use it for a long time without having to charge it.
- **Rechargeable:** It has an easy-to-use USB rechargeable design that gets rid of the need for single-use batteries and lowers the environmental effect.
- **Multi-Function Tail Switch:** It has a push-button tail switch that makes it easy to use and a charge display to

see how charged the battery is.

- **Charge display:** Uses a color-coded charge display to show users how much power is left—red means charging, and green means fully charged.
- **Protective Metal Sleeve:** A metal sleeve is built in to protect the charge port, making it last longer and more durable.
- **Slide Sleeve Design:** It has a slide sleeve system that makes it easy to get to the charge port for charging.
- **Portable Design:** Its small size and light weight make it easy to carry and use in a variety of situations, such as for work or for fun.
- **Removable Pocket Clip:** It comes with a pocket clip that can be taken off and attached to clothes or gear for hands-free use when needed.

- It comes with a 5-inch USB cord that can be used to charge it from a number of devices, including computers, power banks, and USB wall chargers.
- **Heavy-Duty Lanyard:** Comes with a heavy-duty lanyard that makes it safer and easier to carry or connect to gear.
- **Durable Construction:** Made of aluminum, which is strong and doesn't break easily, it can be used outside in rough conditions.

CARE & MAINTENANCE

- Look over the torch often for any damage, wear, or rust.
- Use a soft, dry cloth to wipe down the flashlight's outside to get rid of any dirt, dust, or other debris.
- Keep the torch away from water or other liquids to keep the internal parts from getting damaged.
- To keep charging working right, make sure the charge port stays clean and doesn't get clogged up.
- When not in use, keep the torch somewhere cool and dry, out of direct sunlight and water.
- Regularly check the flashlight's battery level and charge it as needed to keep it working at its best.
- Do not drop the torch or hit it hard or handle it roughly, as this can damage the inside parts.
- Follow the right steps for charging and only use power sources and USB charging cords that work with each

other.

- If the torch stops working or acts strangely, you should stop using it and get it fixed by a professional.
- Keep the torch away from kids and pets so they don't eat it or use it in a bad way by chance.
- Make sure the torch is fully charged before putting it away for a long time to keep the battery from dying.
- Before each use, check the torch to make sure all of its functions are working properly, and fix any problems right away.
- Extreme temperatures can hurt the flashlight's battery life and general functionality, so don't leave it out in them.

Warranty

Streamlight's Limited Lifetime Warranty

Streamlight warrants this product to be free of defects for a lifetime of use except for batteries and bulbs, abuse, and normal wear. We will repair, replace, or refund the purchase price of this product should we determine it to be defective. This limited lifetime warranty also excludes rechargeable batteries, chargers, switches, and electronics which have a 2-year warranty with proof of purchase. THIS IS THE ONLY WARRANTY, EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES ARE EXPRESSLY DISCLAIMED EXCEPT WHERE SUCH LIMITATION IS PROHIBITED BY LAW. You may have other specific legal rights which vary by jurisdiction.

Go to www.streamlight.com/support for a complete copy of the warranty, and information on product registration and the location of authorized service centers. Retain your receipt for proof of purchase.
