STRONG MESHAX3000ADD Wi-Fi Mesh Home Kit

Product Information

The ATRIA Wi-Fi Mesh AX3000 Add-On is a device designed to extend your Strong Mesh AX3000 network. It supports Wi-Fi 6 technology and has a maximum data transfer rate of 3000 Mbps. The device functions as a modem and is compatible with various languages including FR, IT, ES, PT, CZ, HR, HU, NL, DK, NO, SK, UA, SE, and BG. It is manufactured by Strong TV and the model number is MP-0000067365.

Product Usage Instructions

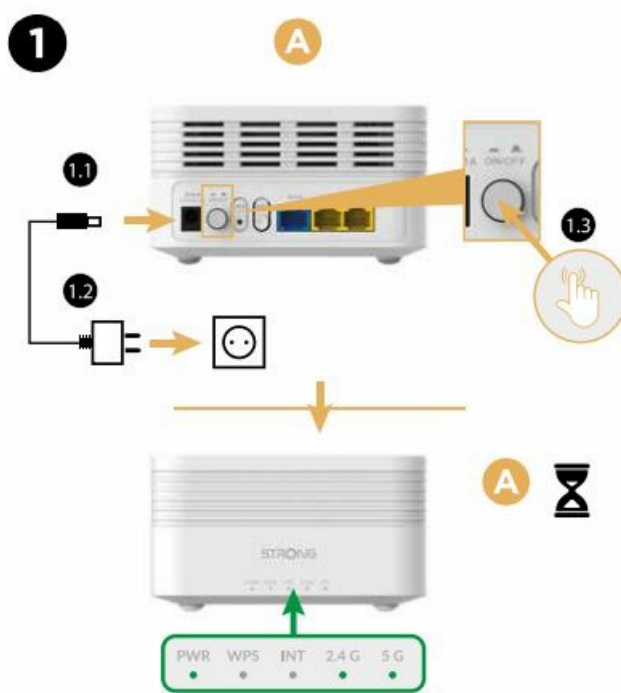

1. Ensure that your Strong Mesh AX3000 network is properly set up and functioning.
2. Connect the ATRIA Wi-Fi Mesh AX3000 Add-On to a power source using the provided power adapter.
3. Wait for the device to power on and establish a stable connection.
4. Locate the WPS button on your existing Strong Mesh AX3000 network device and press it.
5. Within 2 minutes of pressing the WPS button, press the WPS button on the ATRIA Wi-Fi Mesh AX3000 Add-On.
6. Wait for the devices to establish a secure connection. This may take a few minutes.
7. Once the connection is established, the ATRIA Wi-Fi Mesh AX3000 Add-On will extend the coverage of your existing network.
8. You can now connect your devices to the extended network and enjoy improved Wi-Fi coverage and performance.

Please refer to the complete user manual for more detailed instructions and troubleshooting information. The user manual can be found at www.strong.tv.
