SUB-ZERO ICBBI Series Built-in Refrigerator

INTRODUCTION

This Technical Service Manual has been compiled to provide the most recent service information for the International Built-in Series units prior to serial #4100000. This information will enable the service technician to troubleshoot and diagnose malfunctions, perform necessary repairs, and return a unit to proper operational condition.

The service technician should read the complete instructions contained in this manual before initiating any repairs on an ICBBI Series unit.
