Technical Assistance

If you have any questions or require technical support, contact the Sub-Zero Service Department using the provided contact information.

INTRODUCTION

- This Technical Service Manual has been compiled to provide the most recent service information for the International Built-in Series units starting with serial #4200000. This information will enable the service technician to troubleshoot and diagnose malfunctions, perform necessary repairs, and return a unit to proper operational condition.
- The service technician should read the complete instructions contained in this manual before initiating any repairs.

IMPORTANT SAFETY INFORMATION

- Below are Product Safety Labels used in this manual. The “Signal Words” used are WARNING or CAUTION.
- When reviewing this manual, please note these different Product Safety Labels placed at the beginning of certain sections of this manual. You must follow the instructions given in the boxes of the Product Safety Labels to avoid personal injury and/or product damage.
- The sample Product Safety Labels below illustrate the precautions that should be taken when the signal word is observed.

WARNING

- INDICATES HAZARDOUS OR UNSAFE PRACTICES THAT COULD RESULT IN SEVERE PERSONAL INJURY OR DEATH.

CAUTION

- Indicates hazardous practices that could result in minor personal injury, and/or product damage, and/or property damage.

In addition, please pay attention to the signal word “NOTE”, which highlights information that is especially important for the topic being covered.

MODEL DESCRIPTIONS

The diagram below (See Figure 1-2) explains the full model number code of the Built-in Series. The tables starting on the following page list the basic model numbers, which are all the digits up to the letter after the first forward slash, and are accompanied by diagrams of the basic models.

NOTE: Functional parts are common to each model configuration, meaning, for example, models ICBBI-36UG/S/PH-RH, ICBBI-36UG/S/PH-LH, ICBBI-36UG/S/TH-RH, ICBBI-36UG/S/TH-LH, etc., will utilise common functional parts.

For this reason, only the basic model numbers are used in this manual, unless otherwise specified.
