Sunrise Connect Pod 1 Smart Wifi Start

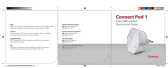

Tip

If you do not notice an improvement in the Wi-Fi coverage within 24 hours, position Pod at a different location.

- Open the Sunrise Smart Wi-Fi app. Tap the button at the top left of the start screen.
- Select the «Adapt» menu item. Tap the button «Set Up New Pods».
- Plug the Connect Pod into a wall socket. After connecting the Pod, confirm the installation with «All done».
