## View Access Granted, History of Access Granted, and Generate Access Report

1. To view access granted, tap the Manage Access icon on your eKEY home screen.

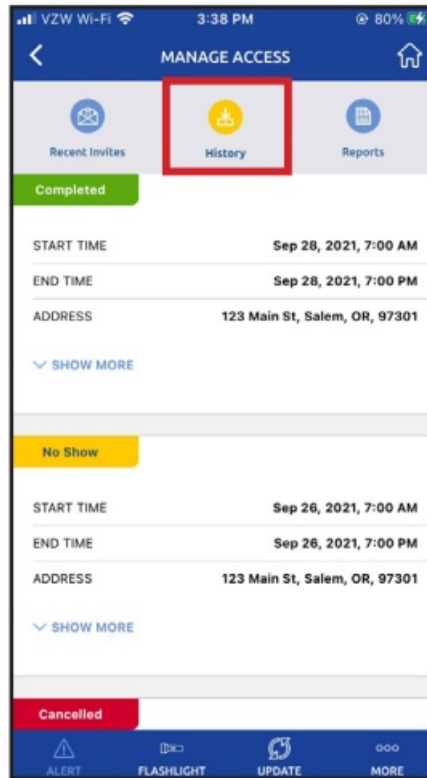

- From here, you can view recent invites, history of access granted, and run reports of access granted. Tap Recent Invites to view recent access granted, access pending and access **cancelled**.

**Note:** This is where you can modify or cancel access granted (as long as the access window has not begun).

- Tap History to view history of access granted. This will show completed, no-shows, and cancelled access.

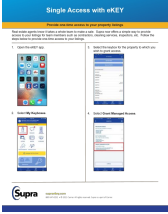

4. Generate a report of lockboxes accessed, which will be sent to your email on file. Tap Reports. Run reports based on users or lockboxes. The report can be generated for all accesses by choosing Select All. Select a specific user or lockbox to generate a report for that selection only. Reports can be run for up to 2 years in the past, with a date range of 6 months.
