Product Information

This dynamic microphone model MK-100/MK-110 is manufactured by SVEN PTE. LTD in Singapore under the control of Oy Sven Scandinavia Ltd in Finland. It has a sensitivity of dB, an impedance of 600 Ohm, and a cable length of 4.0 meters. The product comes with a 6.3mm jack 2 pin main connector and a 3.5mm jack 2 pin adapter.

Product Usage Instructions

1. Connection Setup

Refer to Fig. 1 for the connection diagram. Connect the microphone to the audio input or AUX port of your device following the appropriate connector type.

2. Adjusting Settings

Ensure the microphone sensitivity and impedance settings are compatible with your recording or audio equipment for optimal performance.

3. Handling and Maintenance

Avoid dropping or subjecting the microphone to physical shock. Clean the microphone gently with a soft, dry cloth to maintain its performance.

4. Storage

When not in use, store the microphone in a dry and dust-free environment to prevent damage to the membrane and connectors.

Frequently Asked Questions (FAQ)

• Q: Can I use this microphone for live performances?

A: Yes, this microphone is suitable for live performances due to its dynamic nature and impedance level.

• Q: How do I connect the microphone to a computer?

A: You can connect the microphone to a computer using an appropriate adapter for the jack type or through an audio interface.

• Q: What is the warranty period for this product?

A: The product has a service life of 24 months, which serves as the warranty period for manufacturing defects.

USER MANUAL
