1x Keycap puller tool
8x Extra keycap set
1x User manual

System support
Windows XP / Vista / 7 / 8 / 10, IOS, MacOS, Linux, Android

GAME MODE SET (MACRO KEY SET)

Fn+Tab: office/Game switch The keyboard backlight flashes multiple times during the switch, and the key macro recording takes effect only in the game mode.

Fn+Z/X/C (Press 3 secs): Set macro key.

Fn+Z/X/C (Click): Turn on/off the corresponding macro key.

MACRO KEY SET METHOD

1. Fn + Tab switch to game mode; the keyboard backlight flashes multiple times during switching.
2. Fn+Z/ X/C (press 3 secs) Select a group of macro keys (such as Fn+ Z). At this time, the Caps and Win keys will continue to flash, indicating that the macro recording has been entered. (If there is no response, the game mode is not loading correctly; please repeat step 1)
3. Click to set the sequence of keys to be triggered (up to 32 combos possible).
4. Fn + Z (press 3 secs), save. At this time, the Caps and Win keys will stop flashing.

MACRO BUTTON USE

1. Fn+Tab Switch to game mode, the keyboard backlight flashes multiple times during switching.
2. Z/ X/C: Click to trigger the corresponding macro button function. (If there is no response, the game mode is not loading correctly, please repeat step1)

Tip: Please set the macro key before using it.

Other Settings

Fn +Space(press 3 secs):Reset

Fn +Win :Lock/unlock Windows key
