## SVS SoundPath Speaker Level Subwoofer Adapter

## Product Information

### Features and Specifications

- **Input:** Stereo 5-Way Speaker Level Binding Posts
- **Input Impedance:** 4.85 kohm
- **Output:** Stereo RCA
- **Output Impedance:** 150 ohm
- **Attenuation:** -30dBV step down
- **Power:** 500W RMS / 1,000W Peak
- **Frequency Response:** 10Hz – 80kHz (+/- 0.01dB)
- **Dimensions:** Not specified
- **Product Weight:** Not specified
- **Packaged Weight:** Not specified

### Product Usage Instructions

#### Connecting to a Receiver or Amplifier

1. Connect the Amplifier or Receiver to the corresponding binding posts of the SoundPath Speaker Level Subwoofer Adapter.
2. Ensure correct channel and polarity markings are matched.
3. Make sure the adapter is connected to the AV receiver or amplifier.

### Frequently Asked Questions (FAQ)

#### **Q: What should I do if I have trouble with my SoundPath Speaker Level Subwoofer Adapter?**

A: If you require assistance, please contact our Customer Service team by clicking the Support widget on our website to call, chat, or email. You can also reach us at [877-626-5623](tel:877-626-5623) or [custservice@svsound.com](mailto:custservice@svsound.com)

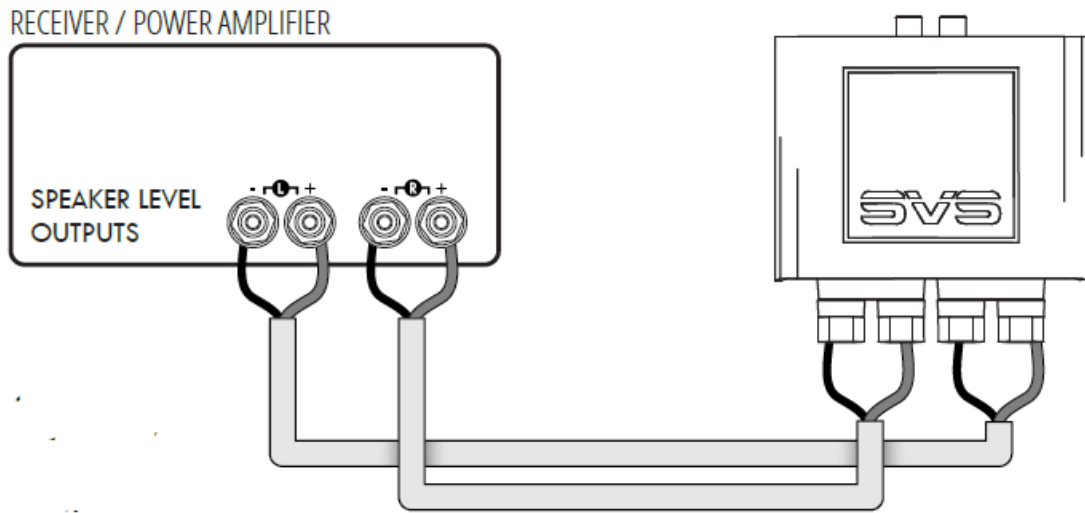

### SVS SoundPath Speaker Level Subwoofer Adapter

Thank you for choosing SVS. The following instructions will assist you in connecting and using the Sound-Path Speaker Level Subwoofer Adapter. More information and details can be found at:

[www.svsound.com/products/soundpath-speaker-level-subwoofer-adapter](http://www.svsound.com/products/soundpath-speaker-level-subwoofer-adapter)

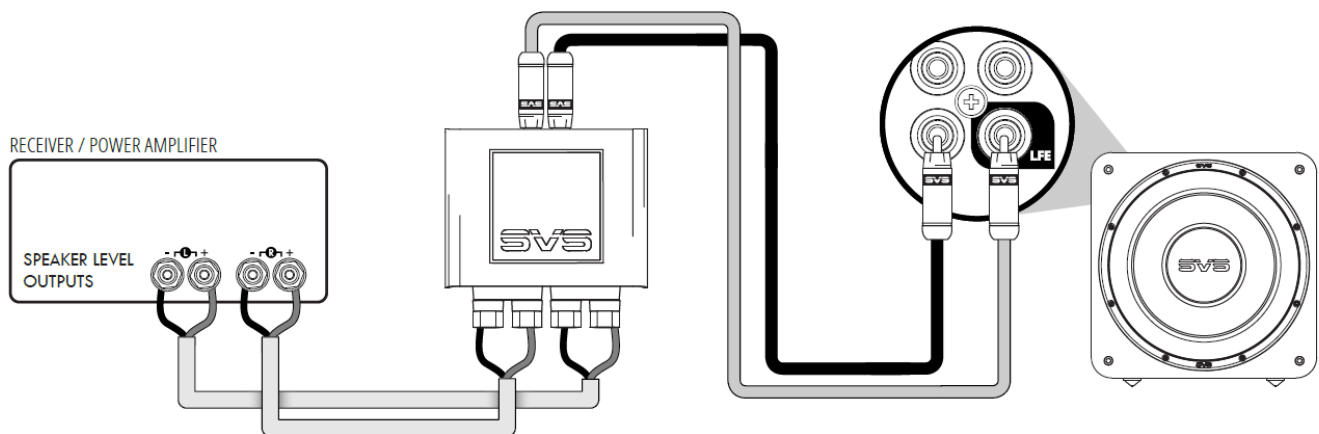

#### Connecting to a Receiver or Amplifier

- Make sure all connected components are switched off.
- Connect the Positive and Negative speaker level connections from the Left and Right speaker outputs of your Amplifier or Receiver to the corresponding binding posts of the SoundPath Speaker Level Subwoofer Adapter.
- The binding posts accept bare wire, banana, or spade connectors. Be sure to follow the correct channel and polarity markings.
- Your adapter will power on as soon as it's connected to the AV receiver or amplifier.

## Connecting to a Subwoofer

- Using a conventional RCA (Line Level) cable, connect the RCA outputs of the Adapter to the RCA inputs of the subwoofer.
- You may now power-on other electronics in your system.

NOTE: This product is not recommended for use with Differential Amplifiers. These types of amplifiers are very rare, but if you are unsure, please contact us.

## NEED HELP?

If you require assistance, please contact our Customer Service team by clicking the Support widget on our website to call, chat or email.

[877-626-5623](tel:877-626-5623) | [custservice@svsound.com](mailto:custservice@svsound.com) | [www.svsound.com](http://www.svsound.com)

## 5-year Unconditional Warranty

SVS offers the industry's most comprehensive warranty on all our products. SVS warrants the SoundPath Speaker Level Subwoofer Adapter to be free from defects in the workmanship for five years from date of purchase. This warranty and the SVS customer Bill of Rights can be viewed online at [www.svsound.com/bill-of-rights](http://www.svsound.com/bill-of-rights).
