### CREATE YOUR HIVE ACCOUNT AND SIGN IN

<https://bumblebee.hive.swarm.space/hive/ui/sign-up>. After signing up, a registration email will be sent to you.

A registration form for the Swarm platform. At the top is the 'SWARM' logo in white on a dark blue background. Below the logo is a message: 'Thank you for your interest in Swarm! Enter your email address below to create an account.' There are two input fields: 'Email Address' and 'Country'. The 'Country' dropdown menu is currently set to 'United States of America'. At the bottom is a blue button labeled 'Sign Me Up'.

# SWARM

Thank you for your interest in Swarm! Enter your email address below to create an account.

## NAVIGATE TO REGISTER DEVICE

<https://bumblebee.hive.swarm.space/registerDevice>

A screen titled 'Register a New Device' with a QR code icon at the top. The text explains that users can scan a QR code on a sticker or enter the code manually. There is a blue 'Start Scanning' button. Below it, there is a section for manual entry with a text input field containing 'ABCDE.12345\$\$XYZ', a green 'Register' button, and instructions: 'If the scanned QR code is {"ac": "ABCDE.12345\$\$XYZ"}; enter the registration code ABCDE.12345\$\$XYZ. Do not enter the device id.'

### Register a New Device

To register your device(s), scan the QR code on the sticker. If you cannot scan QR codes with this browser, you can also enter the contents of the QR code manually below (after scanning them with a different device).

Start Scanning

Enter registration code manually

ABCDE.12345\$\$XYZ Register

If the scanned QR code is {"ac": "ABCDE.12345\$\$XYZ"}; enter the registration code ABCDE.12345\$\$XYZ  
Do not enter the device id.

## CLICK START SCANNING TO SCAN YOUR SWARM M138 MODEM QR CODE

The Swarm Modem registration code is the QR code on the M138 sticker. If you are unable to use the browser-based scanner, you can also use your camera app to scan the Swarm M138 QR code and enter the auth code in the Hive manually. See the example below:
