Switchmate for Toggle Style Light Switches

Finally, smart lighting
made easy

QUICK START GUIDE

QSG 2017 April
Designed in California

Installation

Step-1

Install two AA batteries
into the back of
Switchmate

Step-2

Download the free Switchmate App
from the Google Play or Apple App
store onto your phone

Step-3

Launch the App and
walk through the
simple installation

Step-4

Snap Switchmate with the "top" sticker
facing up - over your light switch with the
light switch and the Switchmate in the
"up/▲TOP position"

For rocker switches only

For rocker switches only

*note that most rocker light switches require the pre-installed adapter on the back of Switchmate, while a small number work better without. Detach the adapter from your rocker Switchmate if you are experiencing issues getting Switchmate to turn your light on and off. If this does not help, check that the screws holding your existing cover plate to the wall are fully tightened.

Troubleshooting

Q: I am having trouble getting my smartphone to connect to my Switchmate

A: Different phones may behave differently when connecting to Switchmate. When experiencing difficulties, **TURN OFF WIFI** then try the following steps:

1. Close the Switchmate App and restart the App – try to connect
2. Turn Bluetooth off then on – try to connect
3. Restart Smartphone – try to connect
4. Reset Switchmate by taking the batteries out and put them back in – try to connect
5. Uninstall the App and download it again.
