SYMFONISK 505.015.18 WiFi Speaker User Guide

Speakers to create atmosphere at home, in every room.

The SYMFONISK speakers are a collaboration between IKEA and Sonos, so it easily integrates with other products from Sonos. You can stream music, podcasts and radio via WiFi without interruptions from phone calls or notifications. The music keeps playing even when your phone or tablet is not nearby. Control each speaker individually to play music in one room and an audiobook in another, or group them and play the same sound throughout your home.

Good to know

Why WiFi?

WiFi streams from your network instead of your phone or tablet so you can enjoy music, podcasts and radio without interruptions from phone calls or notifications. WiFi speakers are perfect for a multi-room sound experience.

Apple AirPlay 2

Compatible with AirPlay 2 so you can stream audio directly from your Apple devices.

Stereo sound

All SYMFONISK speakers give amazing mono sound. If you want even more detailed sound, you can create a stereo pair by connecting 2 identical Wi-Fi speakers, it also works with 1 floor lamp speaker and 1 speaker lamp base with Wi-Fi. Stereo paired speakers can be in different colors.

The services for streaming music vary between different regions, information about your region can be found on the Sonos website.

To control this AirPlay 2-enabled speaker, iOS 11.4 or later is required. Apple and AirPlay are trademarks of Apple Inc., registered in the USA and other countries.

Sonos app

Control the SYMFONISK speakers with the Sonos app.

Combinations

Speaker as a shelf. Use the SYMFONISK WiFi bookshelf speaker as a shelf or, for example, a nightstand by mounting it on the wall with the SYMFONISK speaker bracket. The bracket includes a handy silicon mat to reduce vibrations and help keep your things in place on the speaker/shelf while playing music. Max. load 3 kg depending on type of wall and fastening.
