FAQ

- Are any cables or adapters included with the device?
- The only cable included is the 3.5mm TRS Camera Cable. All other cables and adapters must be acquired separately.
- Can I connect the device to a laptop or PC? Yes, you can connect it using a Type-C to Type-C Cable or a Type-C to USB-A Adapter, though the adapter is not typically included and may need to be requested.
- What do I need to connect the device to a Zoom recorder?

- An XLR to 3.5mm TRS Cable is required for connecting to a Zoom Recorder, and it is not included with the device.
- Is there a way to connect the device to an iPhone or iPad?
- Yes, you can use a 3.5mm TRRS Phone Cable along with a separately acquired Lightning to 3.5mm adapter.
- How can I connect the device to a GoPro camera?
- You need a Type-C to Type-C Cable or a Gopro 3.5mm Mic Adapter for the connection, neither of which is included with the device.

Using Instructions

- Connect with Iphone/Ipad
