SZMDLX ZF-385 Wireless Audio Transceiver

Specifications:

- **Model:** XYZ-2000
- **Power:** 120V, 60Hz
- **Dimensions:** 10 inches x 8 inches x 6 inches
- **Weight:** 5 lbs
- **Material:** Stainless Steel

Product Information:

The XYZ-2000 is a versatile kitchen appliance designed to simplify your cooking experience. With its durable stainless steel construction and compact size, it is perfect for everyday use in any kitchen.

Product Usage Instructions

Initial Setup:

Before using the XYZ-2000 for the first time, make sure to wash all removable parts with warm soapy water and dry thoroughly. Wipe the main unit with a damp cloth and ensure

it is completely dry before plugging it in.

Operating the Appliance:

Place the XYZ-2000 on a flat, stable surface near a power outlet. Fill the reservoir with water according to the markings for the desired amount of steam. Turn the power switch to the "On" position and select the desired cooking mode using the control dial.

Cooking with XYZ-2000:

Once the appliance is heated up, you can start cooking your favorite dishes. Follow the recipe instructions for cooking times and temperature settings. Use the included accessories as needed for different cooking methods.

Cleaning and Maintenance:

After each use, allow the XYZ-2000 to cool down completely before cleaning. Remove any food residue with a soft brush or cloth. Wash all removable parts with warm soapy water and dry thoroughly before storing.
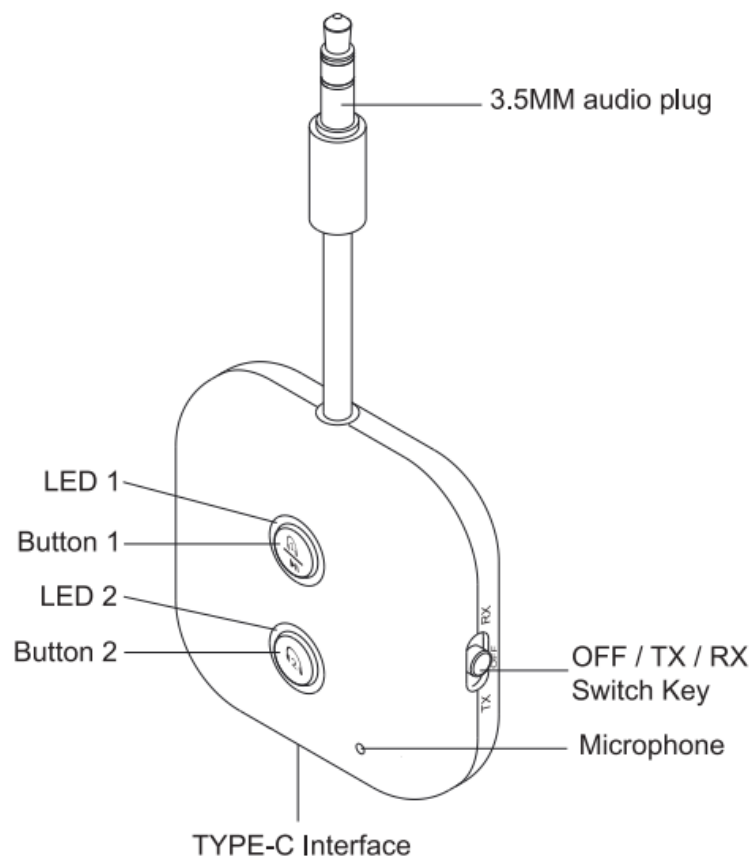

Model: ZF-385

FCC Caution

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received,including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation.If this equipment does cause harmful interference to radio or television reception,
which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement.
The device can be used in portable exposure condition without restriction.
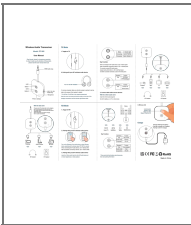

Frequently Asked Questions

Q: Can I use the XYZ-2000 for steaming vegetables?
A: Yes, the XYZ-2000 is perfect for steaming vegetables,seafood, and more. Simply fill the reservoir with water and select the steaming mode for delicious results.

Q: Is it safe to use the XYZ-2000 unattended?
A: While it is generally safe to use the appliance unattended for short periods, we recommend supervising it during operation for safety reasons.
