• A – Recessed installation:

1. All handling with the luminaire must be carried out only when the luminaire is disconnected from the mains.
2. Cut the hole to the ceiling for the luminaire.
3. Connect cable and fix the luminaire into the ceiling.
4. Set your desired height and direction of the light.
5. Turn on the switch of the mains.

• B – Surface-mounted installation:

1. All handling with the luminaire must be carried out only when the luminaire is disconnected from the mains.
2. Fix the bracket to the ceiling.
3. Connect cable and push the luminaire into the bracket.
4. Set your desired height and direction of the light.
5. Turn on the switch of the mains.
