**T nB HPXPL2BKV2 Wireless Speaker Xplore Tws**

## Product Information

The Wireless Speaker XPLORE TWS is a portable Bluetooth speaker designed for adventurous individuals. It is a waterproof speaker with a power output of 20 Watts in stereo. The speaker has a built-in lithium battery and can be separated into two speakers, each with a power output of 10W.

This Bluetooth speaker combines quality, power, robustness, and practicality, making it the perfect companion for any occasion, even in hazardous environments. It allows you to enjoy your music wirelessly via Bluetooth or through a cable jack. The integrated controls on the speaker make it easy to control your tracks, adjust the volume, and even handle your calls.

The XPLORE speaker offers a unique T'nB XPLORE experience, providing an immersive and high-quality sound experience.

## Product Usage Instructions

1. Ensure that the speaker is fully charged before use. Connect the provided USB charging cable to the micro USB port on the speaker and plug the other end into a power source.
2. To turn on the speaker, press and hold the power button until you see the LED indicator light up.
3. To connect your device to the speaker via Bluetooth, enable Bluetooth on your device and search for available devices. Select "XPLORE TWS" from the list of devices to establish a connection.
4. If you prefer a wired connection, connect one end of a cable jack to your audio device's headphone output and the other end to the AUX input on the speaker.

5. Once connected, you can control your music playback using the integrated controls on the speaker. Use the track control buttons to skip or go back to previous tracks. Adjust the volume using the volume control buttons.
6. To answer or end a call, press the call control button on the speaker. The built-in microphone allows you to have hands-free conversations.
7. The speaker has a wireless range of up to 10 meters. Keep your connected device within this range for optimal performance.
8. The speaker is also waterproof with an IPX7 rating, allowing you to use it in wet or rainy conditions without worrying about water damage.
9. When not in use, turn off the speaker by pressing and holding the power button until the LED indicator turns off.

For any further assistance or inquiries, please contact T'nB SA FRANCE at +33 (0)4 90 42 38 38 or refer to the provided user manual.
