T nB INLAPMICDB 2 Jack Lapel Microphone

Congratulations on your purchase and thank you for the trust you have placed in T'nB. Our products comply with all relevant regulations and standards. Before using this equipment, we recommend that you read the instructions and safety instructions carefully and keep this manual for future reference.

IMPORTANT SAFETY INSTRUCTIONS

- The power supply of your device must correspond to the original characteristics initially planned.
- Never use your device underwater, in damp places or near water without the waterproof case.
- Do not place flammable materials, dangerous objects or explosive substances near your device.
- Use only the accessories and connectors provided. The use of any other type of accessory not intended for this purpose could cause irreparable damage to your device.
- Use and store your device only in an environment where the temperature is between 0°C and 45°C.
- Keep your device out of the reach of children.
- Do not dismantle or attempt to repair the unit yourself.
- Do not use your device if it has been dropped or damaged.
- To avoid the risk of electric shock, disconnect your unit from the main power supply and any appliances before cleaning or when not in use.
- In the case of a wireless product, please do not leave the product near credit cards or other data storage media
- Keep your product away from a WIFI router or other Bluetooth device during use to avoid interference.
