## IMPORTANT SAFETY INSTRUCTIONS

When using electrical products, basic precautions should always be followed including the following:

### READ AND FOLLOW ALL SAFETY INSTRUCTIONS AND SAVE THESE INSTRUCTIONS

The risk of fire, electric shock, or injury to persons that may be associated with the use of the product, Operation of the product, and User-maintenance and storage.

1. Do not use seasonal products outdoors unless marked suitable for indoor and outdoor use. When products are used in outdoor applications, connect the product to a Ground Fault Circuit Interrupting (GFCI) outlet. If one is not provided, contact a qualified electrician for proper installation.
2. This seasonal use product is not intended for permanent installation or use.
3. Do not mount or place near gas or electric heaters, fireplaces, candles or other similar sources of heat.
4. Do not secure the wiring of the product with staples or nails, or place on sharp hooks or nails.
5. Do not let lamps rest on the supply cord or on any wire.
6. Unplug the product when leaving the house, or when retiring for the night, or if left unattended.
7. This is an electric product – not a toy! To avoid risk of fire, burns, personal injury and electric shock it should not be played with or placed where small children can reach it.
8. Do not use this product for other than its intended use.
9. Do not hang ornaments or other objects from cord, wire, or light string.
10. Do not close doors or windows on the product or extension cords as this may damage the wire insulation.
11. Do not cover the product with cloth, paper or any material not part of the product when in use.
12. Read and follow all instructions that are on the product or provided with the product.
13. **CAUTION**

To reduce the risk of fire and electric shock:

Do not install on trees having needles, leaves or branch coverings of metal or materials which look like metal, and Do not mount or support strings in a manner that can cut or damage wire insulation.

For indoor and outdoor use.

14. **CAUTION** – Do not connect to another lighting string, decorative outfit, or seasonal product.

This seasonal product is not intended for permanent installation.

15. **CAUTION** – Do not connect to another lighting string, decorative outfit, or seasonal product.

A decorative-lighting string is parallel-connected.

16. **CAUTION:** To reduce the risk of fire and electric shock, use only the power DC 5V.

## SAVE THESE INSTRUCTIONS

### Use and Care Instructions

1. When the product is placed on a live tree, the tree should be well maintained and fresh. Do not place on live trees in which the needles are brown or break off easily. Keep the tree holder filled with water.
2. If the product is placed on a tree, the tree should be well secured and stable.
3. Before using or reusing, inspect product carefully. Discard any products that have cut, damaged, or frayed wire insulation or cords, cracks in the lampholders or enclosures, loose connections, or exposed copper wire.
4. When storing the product, carefully remove the product from wherever it is placed, including trees, branches, or bushes, to avoid any undue strain or stress on the product conductors, connections, and wires.
5. When not in use, store neatly in a cool, dry location protected from sunlight.

While installing, it shall not be twined to a ball part or all LED in anytime.

### Installation instructions

**Caution:** While installing, the min. coiling diameter is 5mm.

### Package Contents

- 1 x TaoTronics LED Starry String Light (Model: TT-SL213)

## Care and Maintenance

1. Unplug from the USB port, tidy up in a roll and store in a dry and shady place when not in use.
2. Keep away from water and heat.
3. Wipe with a dry cloth to clean and get rid of dust.

## Caution

- Serial connection may result in a fire hazard and damage to the product, please do not interconnect.
- Please do not cut the string light, this will permanently break the circuit and damage the light beyond repair. Do not squeeze or fold the string light into sharp shapes and angles.
- Although our lights are built with safety measures, we do not recommend leaving the light unattended or turned on permanently.
- This is not a toy. It contains small parts and possible choking hazards, please keep it away from children.
- Please do not hang anything from the string light as the extra weight may break the light and cause a potential fire hazard.
- Be careful not to damage the wire or LEDs when used with staples, nails, and other sharp objects.

## Warranty
