[Home](#) » [Targus](#) » Targus AKB863 Multi-Device Midsize Bluetooth Keyboard User Guide 

MULTI-DEVICE MIDSIZE BLUETOOTH® KEYBOARD

Installing the battery

1. Remove the battery cover located on the bottom of the keyboard.
2. Insert the supplied batteries, making sure that the positive (+) and negative (-) ends of each battery match the polarity indicators inside the battery compartment.

Low-voltage alert function

When the battery is low, the low power indicator light on the top right corner of the keyboard will flash to indicate the batteries need to be replaced.

Establishing pairing

1. Turn on the keyboard by sliding the power button to the ON position and the power indicator will be Green (if the indicator is flashing in Red, please replace the batteries).
2. Switch ON the Bluetooth function of the device and turn on Bluetooth search mode.

3. Choose one of the 3 Bluetooth channels    and hold down the chosen key for seconds to enable Bluetooth pairing mode, the Blue indicator light will flash for up to 3 minutes when the keyboard is in pairing mode.
4. Select "Targus Multi-Device Midsize Bluetooth® Keyboard" in the Bluetooth menu on your device.
5. The pairing will start automatically. Press the Bluetooth channel keys    to switch between devices once multiple devices have been connected.
6. The Targus Multi-Device Midsize Bluetooth® Keyboard is now connected to your device and the blue light will stop flashing.

Help with the setup: Keyboard is not working

- Check the orientation of the batteries inside the keyboard, or replace the batteries.
- Remove any metal object between the receiver and the keyboard that may interfere with reception.
- Restart the computer and Power off/on your keyboard.
- Press the Bluetooth channel keys    to select your Bluetooth devices.
- After pairing for the first time, your device will automatically connect to the keyboard within 3-5 seconds the next time you turn on the keyboard.
- In case of connection failure, delete the keyboard from the Bluetooth menu of your device and try repairing the keyboard to your device.

Power saving mode

When paired, the keyboard will enter into sleep mode after being idle for 30 minutes. To activate the keyboard, press any key and wait 3 seconds. If unpaired, the keyboard will enter sleep mode after 2 minutes.

Regulatory compliance (applicable to products with electronic circuitry/parts only) This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC statement

Tested to Comply

This equipment has been tested and found to comply with the limits of a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and if not installed

and used in accordance with the instructions may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna;
- Increase the separation between the equipment and receiver;
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected;
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not authorized by the party responsible for compliance could void the user's authority to operate this product.

IC statement

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

Declaration of conformity

Hereby, Targus, declares that this device is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU.

Targus recycling directive

At the end of this product's useful life please dispose at an appropriate recycling collection point provided in your country.
