[Home](#) » [Targus](#) » Targus Bluetooth Keyboard Pairing: AKF003US Wireless Folding Keyboard User Guide

The Targus AKF003US Wireless Folding Keyboard is a versatile and portable keyboard that can be used with a variety of devices. This user guide provides instructions on how to charge the keyboard, establish pairing with up to three Bluetooth devices, troubleshoot common issues, and use the function keys. The keyboard can be charged via USB using the included cable, and a low power indicator light will flash when the battery is running low. Pairing the keyboard with a device is a simple process that involves pressing a few keys and selecting the keyboard from the Bluetooth menu. The keyboard can be connected to up to three devices at the same time, and switching between them is easy using the function keys. The keyboard also has a power saving mode that activates when it has been idle for a certain period of time. Targus provides a 2-year limited warranty for this product. This user guide is designed to help users get the most out of their Targus AKF003US Wireless Folding Keyboard.

## Charging the keyboard

Charge via USB by connecting the included USB cable to the micro USB port. A red flashing LED light indicates low power. When fully charged the LED indicator light will be green.

For safety, please disconnect the charging cable when charging is complete.

### Low Power Indicator Light

When the battery is low, the low power indicator light in the middle of keyboard will flash Red to indicate recharging the keyboard is recommended.

## Contents

- Wireless Folding Keyboard
- User manual
- USB A to USB Micro B charging cable

## System requirements

- Windows® 10
- macOS®
- iOS®
- Android™

## Establishing pairing

1. Open the folding keyboard, the power indicator will be green for three seconds (if the indicator is flashing red, please recharge).
2. Press the Bluetooth channel key "Fn + one of , then press Fn + for 1 second, the blue LED light will flash indicating the keyboard is in Bluetooth pairing mode. The keyboard will remain in pairing mode for 3 minutes. Open the Bluetooth menu of the external device that you are attempting to pair with the keyboard, find the "Targus Folding Ergonomic Bluetooth Keyboard" and select to connect.  
After the pairing is successful, the indicator lights go out, and you can use the keyboard.  
The keyboard can be connected to 3 Bluetooth device at the same time. Repeat step 2 to connect another Bluetooth device.
3. Press "Fn + one of to switch between devices once multiple devices have been connected.
