tc electronic Infinite Mini Sample Sustainer

Product Information:

The INFINITE MINI SAMPLE SUSTAINER is a TonePrint pedal designed to provide sample and sustain effects with simple controls and a tiny footprint. The product has a V 2.0 version and comes with safety instructions that must be followed to ensure safe usage. The product is not to be used near water, should only be cleaned with a dry cloth, and should not be installed near heat sources or in confined spaces. The product should only be used with attachments/accessories specified by the manufacturer and should be disposed of correctly according to the WEEE Directive (2012/19/EU) and your national law.

Product Usage Instructions:

To use the INFINITE MINI SAMPLE SUSTAINER, follow the below instructions:

1. Connect your guitar to the input jack of the pedal.
2. Connect the output jack of the pedal to your amplifier.
3. Turn on the pedal by pressing the footswitch.
4. Use the sustain control knob to adjust the level of sustain effect.
5. Use the sample control knob to adjust the level of sample effect.
6. Experiment with different settings to find your desired sound.
7. When finished, turn off the pedal by pressing the footswitch again.
8. Store the pedal in a safe and dry place.

Note: Follow the safety instructions provided in the user manual to ensure safe usage and disposal of the product.

Safety Instruction

1. Read these instructions.
2. Keep these instructions.
3. Heed all warnings.
4. Follow all instructions.
5. Do not use this apparatus near water.
6. Clean only with dry cloth.
7. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
8. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
9. Use only attachments/accessories specified by the manufacturer.
10. Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus
11. Correct disposal of this product: This symbol indicates that this product must not be disposed of with household waste, according to the WEEE Directive (2012/19/EU) and your national law.

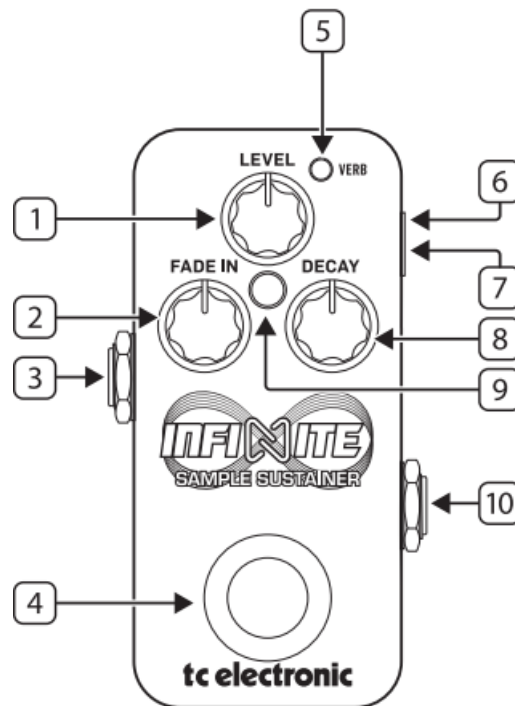

This product should be taken to a collection center licensed for the recycling of waste electrical and electronic equipment (EEE).

The mishandling of this type of waste could have a possible negative impact on the environment and human health due to potentially hazardous substances that are generally associated with EEE. At the same time, your cooperation in the correct disposal of this product will contribute to the efficient use of natural resources.

For more information about where you can take your waste equipment for recycling, please contact your local city office, or your household waste collection service.

12. Do not install in a confined space, such as a book case or similar unit.
13. Do not place naked flame sources, such as lighted candles, on the apparatus.

Controls

1. LEVEL – Controls the output volume of the effect.

INFINITE MINI SAMPLE SUSTAINER

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with Part 15 of the FCC rules. Operation is subject to the following two conditions:

1. this device may not cause harmful interference, and
2. this device must accept any interference received, including interference that may cause undesired operation.

Important information:

Changes or modifications to the equipment not expressly approved by Music Tribe can void the user's authority to use the equipment.

CE

Hereby, Music Tribe declares that this product is in compliance with Directive 2014/30/EU, Directive 2011/65/EU and Amendment 2015/863/EU, Directive 2012/19/EU, Regulation 519/2012 REACH SVHC and Directive 1907/2006/EC.
