TCL Q75H 5.1.2 Ch Soundbar with Wireless Subwoofer

Product Usage Instructions

Setting Up the Soundbar and Subwoofer

1. Place the soundbar in front of your TV at ear level for optimal sound distribution.
2. Position the wireless subwoofer in a location with good airflow and minimal obstructions.
3. Connect the soundbar to your TV using an HDMI cable for eARC functionality.
4. Plug both the soundbar and subwoofer into a power outlet using the provided power supply.

- **Connecting External Devices**
  - You can connect external devices such as smartphones or tablets via Bluetooth for wireless audio streaming. For wired connections, use HDMI, optical, or USB inputs based on your device compatibility.
- **Adjusting Sound Settings**
  - Use the keypad on the soundbar or the remote control to adjust volume levels, switch between sound modes (Music/Voice/Movie/Sports/Game/Standard), and customize EQ settings for your preferred audio experience.
- **Troubleshooting**
  - If you encounter any issues with connectivity or sound quality, refer to the user manual for troubleshooting steps or contact customer support for assistance.
