Keys and connectors

Right-hand mode:

Left-hand mode:

Getting started

1. Charge the battery

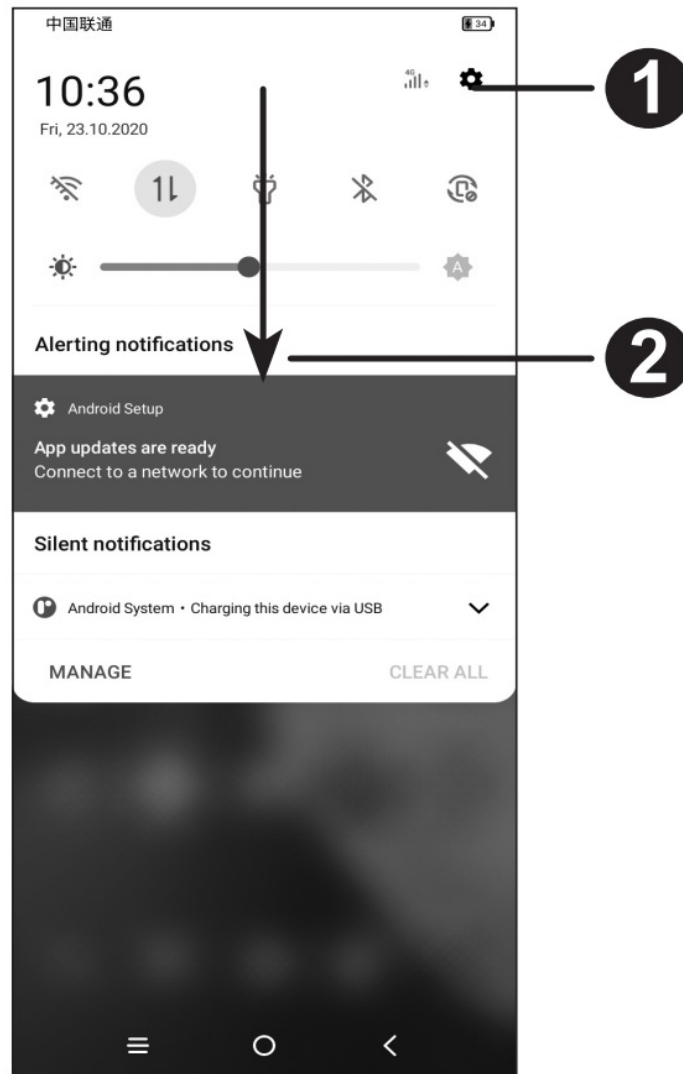

2. Insert or remove the microSD card.
3. Insert or remove the SIM card.

Home screen

You can bring all of the items (applications, shortcuts, folders) that you use most frequently to your Home screen for quick access.

Touching the Home button always takes you back to the main Home screen.

1. Open **Settings**, to view the full list of settings.
2. Touch and drag down to open the Notification panel.

Phone call

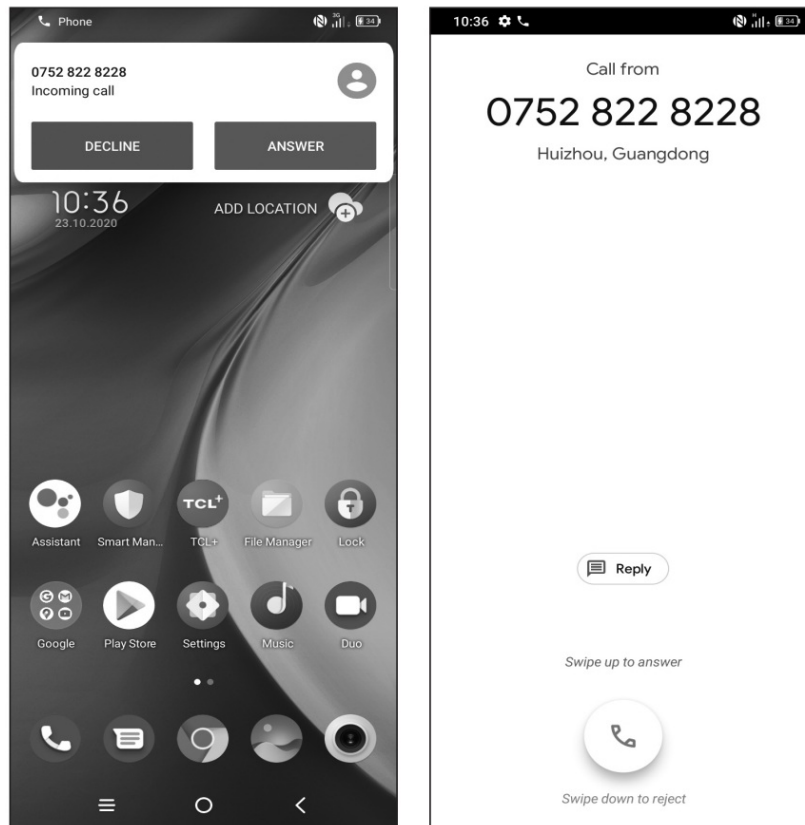

Making a call

Enter the desired number from the keyboard and touch  to make a call.

Answering a call

When you receive a call:

- Tap ANSWER, or swipe up  to answer;
- Tap DECLINE, or swipe down  to reject;
- Tap  Reply to reject the call by sending a preset message.

Contacts

You can view and create contacts on your phone and synchronize these with your Gmail contacts or other applications on the web or on your phone.

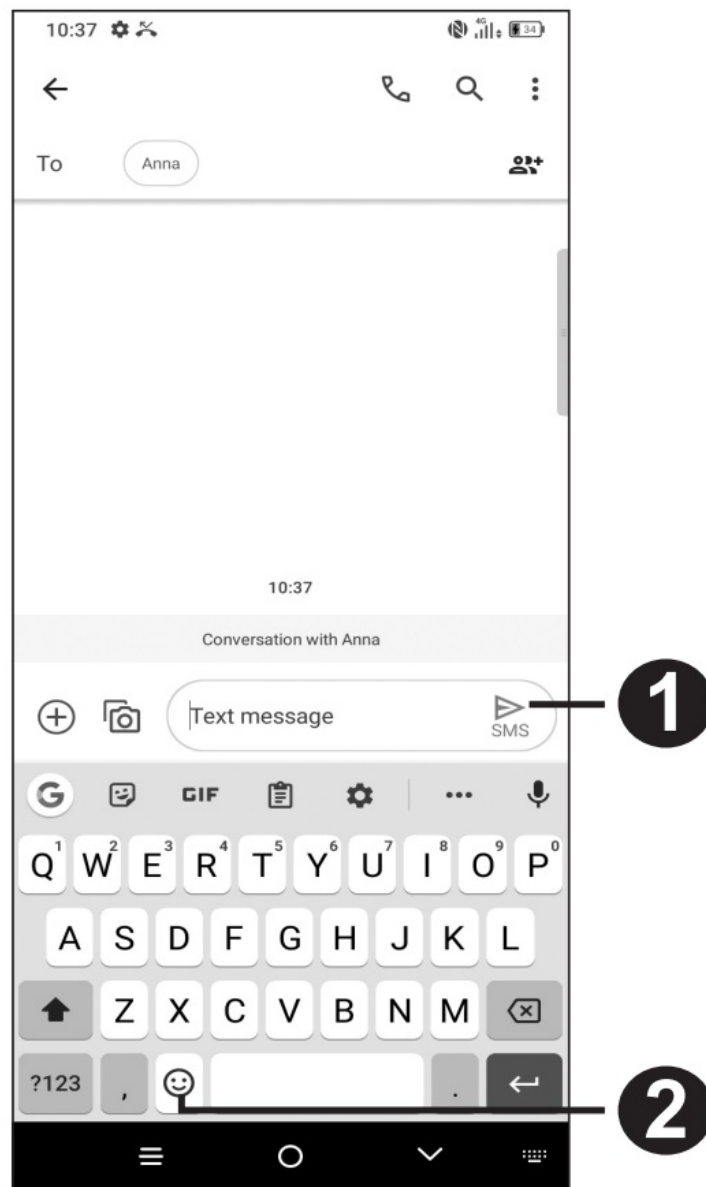

1. Search in **Contacts**
2. Open the Quick contact panel
Touch and hold to share or delete the selected contact
3. Add new contact

Messaging

You can create, edit, and receive SMS and MMS.

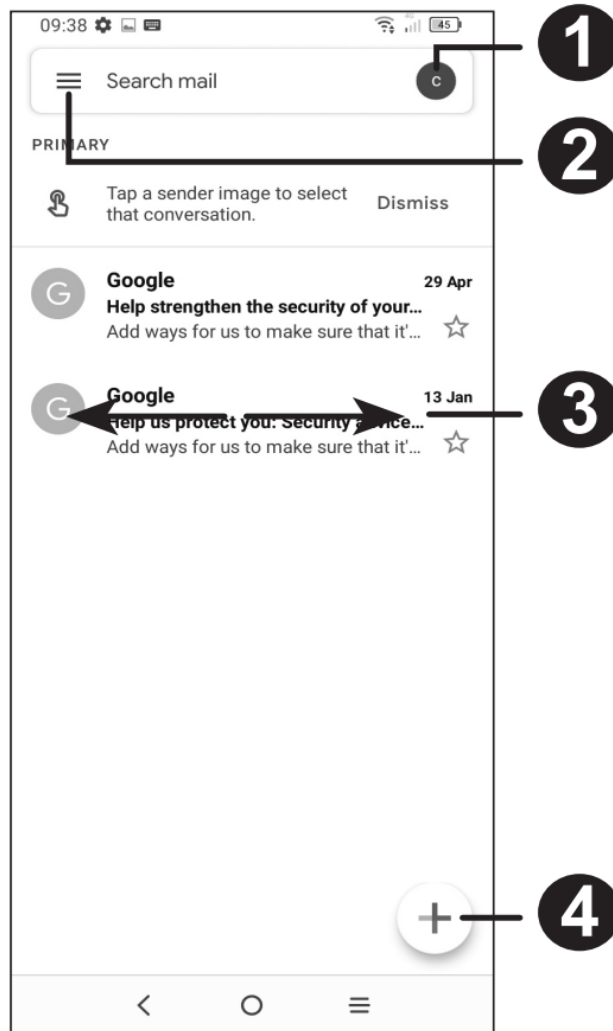

An SMS will be converted to MMS automatically when media files (image, video, audio, slides, etc.) are attached or subject or email addresses are added.

1. Send the text message
2. Insert emoticons

Gmail

The first time you set up your phone, you can select to use an existing Gmail account or to create a new one.

1. Account information
2. See options and settings
3. Swipe right or left to archive the email
4. Create an email
