## Notus S8 Remote Control

## Turn On Notus S8

Notus S8 remote control arrives with a 2 AAA battery blister inside a polybag. To turn on your Notus S8 remote control, please follow the instructions below.

1. Turn ON your TV and your Set Top Box.

2. Remove your Notus S8 remote control and its batteries from the plastic bag.

3. Remove the remote's battery lid.

4. Place the batteries on the Notus S8 remote control as indicated in the image above and replace the battery lid.

### FCC Compliance Statements

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**NOTE:** This equipment has been tested and found to comply with the limits for Class B digital devices, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

### FCC Radiation Exposure Statement:

The device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure conditions without restriction.

**Warning:** Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

### CAUTION

Risk of explosion if the battery is replaced by an incorrect type, disposal of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery, that can result in an explosion; Leaving a battery in an extremely high temperature surrounding environment that can result in an explosion or the leakage of flammable liquid or gas;

A battery is subjected to the extremely low air pressure may result in an explosion or the leakage of flammable liquid or gas.
