TECH8 USA TECH8 Mouse Mover Device

Specifications

- **Device Name:** Mouse Mover
- **Compatibility:** Works with most popular PC optical, laser, wired, and wireless mouse types
- **Power Source:** Draws 5V power from a USB port or can be plugged into a phone charger
- **Features:** Prevents computer sleep mode by randomly moving the optical mouse
- **Warranty:** 30-day Money Back Guarantee, 1-year Limited Warranty
- **Origin:** Invented, Patented, Designed, Engineered, and Packaged in the USA

Product Usage Instructions

1. **Step 1:** Connect the Mouse Mover to a 5V USB power source or the USB port on your PC.
2. **Step 2:** Place the mouse on the spinning disc, ensuring the mouse sensor is on the disc.

Optional Settings

- **Glow Ring:** Press and Hold the Power button to cycle through Blue, Red, Green, and OFF.
- **Timer (Hourglass icon):** Press the Timer button to cycle between 1 Hour (Blue), 2 Hours (Red), or Non-Stop (Green, default).

FAQs

1. **Q: What does the Mouse Mover do?**
 - **A:** The Mouse Mover prevents your computer from going to sleep by randomly moving your optical mouse. It prevents Away status on the Team Lync, Zoom, Skype, WebEx, etc.
2. **Q: Does it work on all mouse types?**
 - **A:** Yes! Mouse Mover has been tested on the most popular PC optical, laser, wired, and wireless mouse. Also, it can accommodate most sizes.
3. **Q: Is there any software to install?**
 - **A:** No, there is no software to install. The Mouse Mover only draws 5V power from the USB port of your PC. Alternatively, it can be plugged into a phone charger.
4. **Q: How often will my mouse move?**

- **A:** The device will move the cursor randomly with short, long, left, and right spins, with varying speeds and pauses between each spin.
- This makes it truly undetectable.

5. Q: Can this be detected by my IT?

- **A:** No. Tech8 Mouse Mover is a mechanical device that imitates a human physically moving the mouse. There are no software or drivers to install.

6. Q: What about Returns and Warranty?

- **A:** You are covered with a 30-day Money Back and a 1-year Limited Warranty. Contact us at help@tech8usa.com with your order number.

7. Q: Is Tech8 USA an American company?

- **A:** Yes, we are an American company created, set up, and incorporated in Austin, and take pride in our roots and heritage.

GET STARTED

1. **Step 1** Connect the mouse mover to a 5V USB power source or the USB port on your PC.
2. **Step 2** Place the mouse on the spinning disc, ensuring the mouse sensor is on the disc.

OPTIONAL SETTINGS

-  **Glow Ring:** Press and Hold the Power button to cycle through Blue, Red, Green, and OFF.
-  **Activity (Arrow icon):** Press the Activity button to increase/ decrease random pauses between each disc spin.

Choose from 3 levels:

- **High (Red):** 10-12 seconds.
- **Medium (Blue):** 30-40 seconds. Default.
- **Low (Green):** 50-60 seconds.
- The last used Activity setting is saved to the device's memory
-  **Timer (Hourglass icon):** Need to turn the Mouse Mover OFF after a certain time automatically?
- Press the Timer button to cycle between 1 Hour (Blue), 2 Hours (Red), or Non-Stop (Green, default).
