TECHKO STL-208 Portable Lanterns User Manual

Contents

TECHKO STL-208 Portable Lanterns

- A Please carefully read this manual before using the product.
- Keep the manual with you for reference as needed.

PLEASE FULLY CHARGE THE PRODUCT BEFORE USING

1. Please switch "ON" the solar portable lantern and fully charge in direct sunlight before use for the first time.
2. Charging time may be vary depending on the weather, temperature, and seasons.
3. Do not charge the product indoors or in any place where direct sunlight can't reach. Otherwise, the product will not charge properly.

SWITCHES & FUNCTIONS

The switches are on the top of the solar portable lantern. (Please see Figure A for reference)
Power ON/OFF (Left)

1. **ON**: slide the ON/OFF switch to the "ON" position to turn the light on.
   This is also for charging the unit (see manual beginning).
2. **OFF**: slide the switch to the "OFF" position to turn off the light. When the switch is in the "OFF" position, it will not charge even in sunlight.

Amber/White (Right)

1. **Amber Mode**: slide the switch to the "Amber" position, and the lantern will stay illuminated with amber light.

2. **White Mode**: slide the switch to the "White" position, and the lantern will stay illuminated with white light.

- Charge the unit in a place where the solar panel can be continually exposed to the sun.
- Avoid placing the unit where shade from buildings or objects which would block the solar panel while charging.
- As solar panel is equipped with a daylight sensor, the product will automatically charge in the daytime and light up at dusk or when the surroundings turn dark. (Except Off Position)

OPERATING INSTRUCTIONS

1. The handle is located on the top of the unit, around the solar panel.
2. After the unit has fully charged, change the Amber/White switch to the desired position to select the operating mode.

WARNING & NOTICE

1. Do not look directly at the LED light, or it may damage your eyes.
2. Do not attempt to disassemble or remodel the product. Any changes can be dangerous and will void the warranty.
3. Please keep away from any flammable items, or explosions, property damages, or casual injuries may occur.
4. Please keep the solar panel clean to make sure the product can be properly charged. Frequently clean the solar panel as needed. Avoid scratching on the panel or it may lower charging efficiency.
