Technoline WT 1585 Quartz Wall Clock

## Product Information

### Specifications

- Model: WT 1585
- Type: Quartz Wall Clock
- Battery Requirements: 1 x Mignon AA LR06 for clock operation, 2 x Mignon AA LR06 for decorative gears

### Product Usage Instructions

1. **Starting the Clock:** Insert 1 x Mignon AA LR06 battery into the central battery compartment ensuring correct polarity (+/-).
2. **Setting the Time:** Turn the hand set knob next to the central battery compartment on the rear of the clock movement clockwise or counter-clockwise until the desired time is displayed on the dial.
3. **Using Decorative Gears:** Insert 2 x Mignon AA LR06 batteries into the left battery compartment ensuring correct polarity (+/-).

### Precautions

- Do not subject the unit to excessive force or shock.
- Avoid extreme temperatures, direct sunlight, dust, and humidity.
- Avoid water exposure and contact with corrosive materials.
- Do not dispose of the unit in fire as it may explode.
- Do not open the inner back case or tamper with any components.

### Battery Disposal

Follow local regulations for disposing of old batteries. Do not dispose of old batteries in domestic waste. Return them to your dealer or designated collection points.

## **Electrical Device Disposal**

Dispose of the unit properly at a waste collection point or recycling center when it reaches the end of its useful life. Follow local regulations for electronic waste disposal.

## **Intended Use**

Use the product only for its intended purpose to ensure proper functionality and longevity.

## **Note:**

This product complies with the battery law and electrical device disposal regulations. Follow all guidelines provided to ensure environmental safety and legal compliance.

## **FAQ (Frequently Asked Questions)**

- Q: Can I use rechargeable batteries in this clock?

A: It is recommended to use non-rechargeable Mignon AA LR06 batteries for optimal performance.

- Q: What should I do if the clock stops working unexpectedly?

A: Check the battery polarity and replace them if necessary. Ensure the batteries are correctly inserted and have sufficient power.

- Q: Is it possible to hang this clock outdoors?

A: It is not recommended to expose the clock to extreme outdoor conditions. Use it indoors for best results.

## **Instructions**

### **WT 1585 – QUARTZ WALL CLOCK**

#### **To start the clock**

Insert 1 x Mignon AA LR06 battery into the central battery compartment and make sure the battery polarity (+/-) is as indicated.

#### **To set the time**

Turn the hand set knob next to the central battery compartment on the rear of the clock movement clockwise or counter clockwise until the desired time is obtained on the dial.

#### **To use the decorative gears longterm**

Insert 2 x Mignon AA LR06 battery into the left battery compartment and make sure the battery polarity (+/-) is as indicated.

## **Precautions**

- Do not subject the unit to excessive force or shock.
- Do not expose the unit to extreme temperatures, direct sunlight, dust or humidity.
- Do not immerse in water.
- Avoid contact with any corrosive materials.
- Do not dispose this unit in a fire as it may explode.
- Do not open the inner back case or tamper with any components of this unit.

## **Batteries safety warnings**

- Use only alkaline batteries, not rechargeable batteries.
- Install batteries correctly by matching the polarities (+/-).

- Always replace a complete set of batteries.
- Never mix used and new batteries.
- Remove exhausted batteries immediately.
- Remove batteries when not in use.
- Do not recharge and do not dispose of batteries in fire as the batteries may explode.
- Ensure batteries are stored away from metal objects as contact may cause a short circuit.
- Avoid exposing batteries to extreme temperature or humidity or direct sunlight.
- Keep all batteries out of reach from children. They are a choking hazard.

Use the product only for its intended purpose!

### Consideration of duty according to the battery law

Old batteries do not belong to domestic waste because they could cause damages of health and environment. You can return used batteries free of charge to your dealer and collection points. As end user you are committed by law to bring back needed batteries to distributors and other collecting points!

### Consideration of duty according to the law of electrical devices

This symbol means that you must dispose of electrical devices separated from the General household waste when it reaches the end of its useful life. Take your unit to your local waste collection point or recycling centre. This applies to all countries of the European Union, and to other European countries with a separate waste collection system.
