Features & Benefits

ALL THE FUNCTIONS YOU NEED IN YOUR HAND

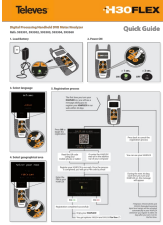

Rely on H30FLEX for installation and troubleshooting. Robust, light-weight and extremely easy to use. Carry-out installation, maintenance and troubleshooting tasks on networks with DVB-S/S2, DVB-T/T2 or DVB-C and analogue channels.

H30FLEX is a light-weight handheld unit, packed with all the required functions to install and maintain television systems, using **DVB-S/S2, DVB-T/T2 or DVB-C** digital modulation as well as analogue signals. Available for the first time in an affordable package, digital processing brings installers the opportunity to take measurements with a high level of accuracy, essential to the satisfaction of a job well done.

Televes is leading the way with **this reference meter, designed to meet the requirements of TV installers, both satellite and terrestrial.**
