TECHNICAL DATA

- **Model:** EMX-070224
- **Lot number:** 202112
- **Power supply:** 230V~, 50Hz
- **USB output:** 5 V 2,1 A (max.) 5 French-type sockets and 2 USB connectors

PACKAGE CONTENT

- USB rectangular extension cable
- User manual

SAFETY OF USE

—DO NOT RISK—

Do not switch on the device when the use of mobile phones is prohibited or if it might cause interference or danger.

—MODIFICATIONS—

The manufacturer is not liable for damages caused by independent alterations. The same applies to the use of wires other than the original ones

—WATER AND OTHER LIQUIDS—

Protect the device from water and other liquids. The device should not be used when the humidity of air is high. It can influence work and the life span of electronic components.

—PHYSICALLY OR MENTALLY DISABLED PEOPLE AND CHILDREN—

This device should not be operated by people (including children) with limited physical or mental abilities, as well as by people with no earlier experience in operation of electronic equipment.

They may use the device only under supervision of people responsible for their safety. This device is not a toy. Keep the device out of reach of children.

USE

After removing the unit from its packaging and unwrapping the power cord, connect the power cord plug to the wall socket. Switch the power button to the I position to turn on the extension cord. Up to 5 mains-powered devices and 2 USB-powered devices can be connected to the appliance

CORRECT DISPOSAL OF USED EQUIPMENT

The device is marked with a crossed-out garbage bin, in accordance with the European Directive 2012/19/EU on used electrical and electronic Equipment (Waste Electrical and Electronic equipment – WEEE). Products marked with this symbol should not be disposed of or dumped

USB rectangular extension cable with other household waste after a period of use. The user is obliged to get rid of used electrical and electronic equipment by delivering it to designated recycling point in which dangerous waste are being recycled. Collecting this type of waste in designated locations, and the actual process of their recovery contribute to the protection of natural resources. Proper disposal of used electrical and electronic equipment is beneficial to human health and environment. To obtain information on where and how to dispose of used electrical and electronic equipment in an environmentally friendly manner user should contact their local government office, the waste collection point, or point of sale, where the equipment was purchased.

WARRANTY

The product is covered by a 3 year warranty from the date of sale of the product. If you need warranty repair, please contact the manufacturer's hotline or the point of sale. The product returned for warranty claim should be complete and preferably packed in its original packaging.

DECLARATION OF CONFORMITY WITH EUROPEAN UNION DIRECTIVES

mPTech Ltd. hereby declares that the product complies with all relevant provisions of the so called the 'New Approach' Directive of the European Union.
