2 Register an account on your Tesla Smart app.

STEP 1. Enter your mobile phone number or email address.

STEP 2. Enter the verification code and create a password.

Register an account on your Tesla Smart app.

STEP 3. Login to the App.

3 Important Safeguards

This product is designed for household use only – When using electrical appliances, basic safety precautions should always be followed, including the following:

1. READ ALL INSTRUCTIONS.
2. To protect against fire, electrical shock and personal injury, do not immerse this appliance, including cord and plug, in water or other liquid.
3. Close supervision is necessary when any appliance is used by or near children.
4. Unplug from outlet when not in use, before putting on or taking off parts, and before cleaning.
5. Do not operate any appliance with a damaged cord or plug or after the appliance malfunctions or has been damaged in any manner.
6. The use of accessory attachments not recommended by the manufacturer may result in fire, electric shock or injury to persons.
7. Do not use outdoors.
8. Do not let cord hang over edge of table or counter, or touch hot surfaces.
9. Do not place on or near a hot gas or electric burner or in a heated oven.
10. Do not use appliance other than for its intended use, as described in this manual.

4 Getting ready.

- Remove the outer cover
- Add purified water: Water level: 50ml(min)~200ml(max)
- Drip the essential oil: 4~6 drops for 200ml water
 - Starting the diffuser
- Cover the water tank/outer cover
- Plug the AC Adapter into power outlet and start it: AC Adapter, Bottom View
 - Using the Controls Connect the diffuser
 - Press & hold “ “ for 5 seconds to set until the indicator light flashes quickly to put the diffuser in pairing mode. You can now pair the diffuser with the Tesla Smart App. Operate the diffuser

1. Remove the outer cover

Water level:
50ml(min)~200ml(max)

2. Add purified water

4~6 drops
for 200ml water

3. Drip the essential oil

4. Cover the water tank/outer cover

Bottom View

5. Plug the AC Adapter into power outlet and start it

- Press “ ” to turn the diffuser on.

5 Add device.

STEP 1.

In the Tesla Smart app, on the top corner of the Devices screen, click (+). Choose “ Home Appliance” -> Humidifier

STEP 2.

Make sure the indicator light on the device is flashing rapidly blue, indicating the device is ready to connect using Easy Mode. If not, press and hold the Button for 3 seconds until the indicator light is flashing rapidly, then press “confirm indicator rapidly blink

STEP 3. Enter your Wi-Fi network and password.

STEP 4. The Tesla Smart app will try to connect your device.\ If the connection fails, try to connect using AP Mode.

NOTE: Tesla Smart can’t connect to 5GHz networks.

Cleaning

For safety, it is suggested to clean the diffuser every 5-6 days, or after 9 10 times of usage. The cleaning procedures are as follows:

- Disconnect the adapter from the AC power source, or turn off the power source.
- Place the diffuser on a flat and stable place such as table to avoid leaking water. Remove the outer cover and the water tank cover.
- When pouring out the water, keep the mist nozzle up. Don’t let any water flow inside the circuitry.
- Clean the ultrasonic vibration plate at the bottom of the water tank with a cotton swab; clean the outer cover with cloth or cotton swab.
- When there is dirt, such as aroma or oil, in the cover of the diffuser or the water tank, please clean it with a dried cloth with kitchen soap and warm water.
- After cleaning, please add purified water into the water tank, then power on the diffuser for 30 minutes, drain the water out and dry the water tank. You can store the diffuser after it is dried out.
- When there is dirt on the mist nozzle, please remove the outer cover, clean it with a neutral detergent. After it is dried, you can use the diffuser again.

NOTE : Neutral detergent is strongly recommended for cleaning. Any detergent with \chlorine, acid, enzyme left inside the tank may produce hazardous effects and maybe harmful.

Troubleshooting

Cannot connect to your Wi-Fi network. Make sure you entered the correct Wi-Fi password during the Wi-Fi setup. Check whether there are any Internet connection problems. If the Wi-Fi signal is too weak, reset your Wi-Fi router and try again.

Reset the device

Reset once (press & hold reset button) to reach Easy Mode, which is the primary way the app will try to connect.

(When in Easy Mode, you'll see the LED flashing quickly, 2x per second) Reset again (press & hold reset button) to reach AP, which is the Backup Mode to help connect.

System Requirements

- mobile device running iOS ® 8 or higher or Android™ 4.1x or higher
- existing Wi-Fi Network

Technical Specifications

- power: 10W
- capacity: 200ml
- timer: 1/3/5 hour

INFORMATION ABOUT DISPOSAL AND RECYCLING

This product is marked with the symbol for separate collection. The product must be disposed of in accordance with the regulations for disposal of electrical and electronic equipment (Directive 2012/19/EU on waste electrical and electronic equipment). Disposal together with regular municipal waste is prohibited.
