With Multi-Control Switches

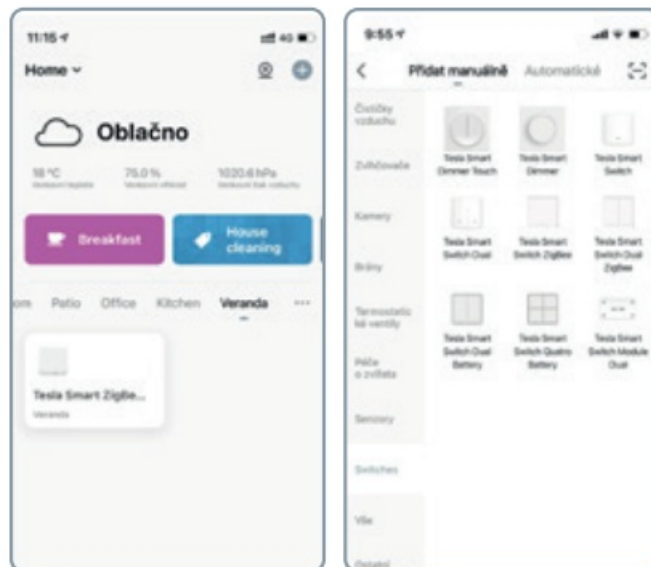

Download the app

- Tesla Smart is available for both iOS and Android OS. Search the name 'Tesla Smart' in App Store or Android Market, or scan the QR-Code to download the App and register or login your account.
- Make sure that the smartphone is connected to the 2.4Ghz network.

Connect the device

- Open Tesla Smart app and click “+” sign to Add new device
- Select Switches – Tesla Smart Switch Module Dual
- Follow the instructions to add the Tesla Smart Switch Module Dual step by step
- Control device with APP

Reset Option 1

Reset Option 2

INFORMATION ABOUT DISPOSAL AND RECYCLING

This product is marked with the symbol for separate collection. The product must be disposed of in accordance with the regulations for disposal of electrical and electronic equipment (Directive 2012/19/EU on waste electrical and electronic equipment). Disposal together with regular municipal waste is prohibited. Dispose of all electrical and electronic products in accordance with all local and European regulations at the designated collection points which hold the appropriate authorisation and certification in line with the local and legislative regulations. Correct disposal and recycling help to minimise impacts on the environment and human health. Further information regarding disposal can be obtained from the vendor, authorised service centre or local authorities.

- Connectivity: Wi-Fi 2,4 GHz IEEE 802.11b/g/n
- Frequency band: 2.412 – 2.4835 MHz
- Max. radio-frequency power (EIRP): < 20 dBm
