TF TAKEFLIGHT TF02 Multi Tool Survival Pen

Launch Date: April 25, 2022

Price: \$25.97

Introduction

The TF TakeFlight TF02 Multi Tool Survival Pen is a small, multi-use tool that is made to be carried with you every day (EDC). The pen is made of durable metal and has a powerful LED flashlight, a ballpoint pen, and a glass breaker all built into a sleek design. If you need a pen for emergencies, outdoor activities, or everyday tasks, this tactical pen is great because it is small and light. The TF TAKEFLIGHT TF02 is made to work, whether you need to write, light up a dark room, or break glass quickly. People who like having a reliable multi-tool on hand will love this one. For the flashlight, this military pen needs one AAA battery. It's ready to use whenever you need it.

Specifications

- **Color:** Black
- **Material:** Aircraft-grade Aluminum
- **Brand:** TF TAKEFLIGHT
- **Item Weight:** 0.08 kg (2.89 ounces)
- **Included Components:** Light, Batteries
- **Number of Pieces:** 1
- **Folded Size:** Approximately 5-6 inches in length
- **UPC:** 712038556823

- **Manufacturer:** TF TAKEFLIGHT
- **Part Number:** TF02-Black
- **Package Dimensions:** 7.09 x 2.13 x 0.75 inches
- **Item Model Number:** TF02
- **Batteries:** 3 LR44 batteries required (included)
- **Is Discontinued by Manufacturer:** No
- **Item Package Quantity:** 1
- **Batteries Included:** Yes
- **Batteries Required:** Yes
- **Battery Cell Type:** Alkaline

Package Includes

- 1 x TF TAKEFLIGHT TF02 Multi Tool Survival Pen
- 1 x AAA battery (for flashlight)
- 1 x Ballpoint pen refill (black ink)
- 1 x Tungsten carbide glass breaker
- 1 x Multi-tool attachment (screwdriver and bottle opener)
- 1 x User manual
- 1 x Warranty card

Features

1. **Multifunctionality:** The TF TAKEFLIGHT TF02 is a very flexible tool that can be used as a ballpoint pen, torch, glass breaker, and other tools all in one small package. This versatile tool can be used in many situations, so you'll always be ready for anything, from taking notes to running away from dangerous situations.

2. **Strong Construction:** The pen is made from aircraft-grade metal that was CNC-machined, so it will last a long time. It's strong but not too heavy, so it can handle the wear and tear of everyday carry (EDC) while still being light enough to fit in a pocket or bag.
3. **Breaker for Tungsten Carbide Glass:** The TF TAKEFLIGHT TF02 has a tungsten carbide glass breaker, which is very useful in case of an emergency. For easy escape from a car in an accident or to get out of a building in case of fire, this strong tip can easily break windows. When you need it most, it's made to work precisely and strongly.
4. **Powerful LED Flashlight:** The TF02 has a built-in LED flashlight that puts out 100 to 120 lumens of bright light. The flashlight has a simple push-button switch that lets you choose between a high and low beam. This means it can be used for many different lighting tasks in dark places.
5. **Small and easy to carry:** The TF TAKEFLIGHT TF02 is slim and easy to carry. It is only 6.2 inches long and 0.6 inches wide. Its slim design makes it easy to clip into your pocket, so you can get to it quickly when you need it without making it look big or obvious.
6. **Easy to Use:** The TF02 has a simple twist mechanism that lets you quickly switch between its tasks, like writing or turning on the flashlight. The pen also comes with a smooth and steady ballpoint ink refill, which makes it

perfect for taking notes anywhere.

7. **Powerful Multi-Tool:** The multi-tool attachment has a flathead screwdriver and a bottle opener, which makes it a great tool for everyday jobs, like working on a project, drinking a cold drink, or camping. The tools are skillfully concealed inside the pen's body, so it doesn't draw attention to itself while still being useful.
8. **Not Bulky or Eye-Catching:** The TF TAKEFLIGHT TF02 is intended to be small, light, and easy to carry, unlike many other survival tools that are big or noticeable. Since it doesn't add much weight or space to your pocket or gear bag, it's great for daily use.
9. **Prepare for emergencies:** The TF02's ability to break glass, light up, and use multiple tools can make the difference between a stressful scenario and a successful escape or resolution. This pen will come in handy if you're stuck in a car, in the dark, or need to open a bottle.
10. **Professional Tactical Gift:** The TF TAKEFLIGHT TF02 is a useful and stylish gift that you can give to someone you care about on Father's Day, their birthday, or just because you feel like it. It comes in a nice gift box and is the perfect present for someone who likes practical and useful gear.
11. **Vet-run Business:** TakeFlight is a US-based company run by veterans that takes pride in making high-quality tactical tools that last. TakeFlight builds its products with the utmost care and efficiency because the company has military-grade experience and wants its customers to be happy.

Usage

- **Writing:** Twist the pen's barrel to expose the pen tip and write with the smooth black ink.
- **Flashlight:** Unscrew the top cap, insert the AAA battery, and use the push button to toggle between the flashlight's high or low beam.
- **Glass Breaker:** In emergency situations, use the tungsten carbide tip at the end of the pen to break glass in a car or building to escape or rescue others.
- **Multi-tool:** The attached multi-tool can be used for tightening screws, opening bottles, or other tasks by unscrewing and using the tool's flathead screwdriver or bottle opener.

Care and Maintenance

- **Keep it clean:** Wipe the pen regularly with a soft cloth to remove dirt or oils that may affect the writing or flashlight functionality.
- **Replace the ink refill:** When the ink runs out, replace the ballpoint pen refill with a compatible one. Standard black ink refills are commonly available.
- **Battery maintenance:** Ensure the flashlight battery is changed promptly when it starts to dim or loses power. Always use the recommended AAA batteries for optimal performance.
- **Tighten screws:** The multi-tool section may loosen over time. Periodically check and tighten any screws to keep the tools functional.
- **Avoid dropping or rough handling:** While the pen is designed to be durable, dropping it on hard surfaces may cause cosmetic damage or affect its internal components.

Troubleshooting

Flashlight not turning on:

- **Solution:** Ensure that the AAA battery is correctly installed with the proper polarity. If the flashlight still doesn't work, replace the battery with a fresh one.

Pen not writing smoothly:

- **Solution:** If the pen skips or the ink flow is uneven, check the ballpoint tip for any clogs. Clean the tip gently with a tissue, or replace the ink refill if necessary.

Glass breaker tip not working effectively:

- **Solution:** The glass breaker is designed to be used with force. Ensure that you're striking the glass at the right angle and with enough pressure. If it seems dull, check for any damage or wear.

Multi-tool section not fitting properly:

- **Solution:** Ensure that the multi-tool attachment is properly secured in the pen. If the tool feels loose or falls off, check for any threading issues or loose screws.

General malfunction:

- **Solution:** If the pen has any issues that can't be resolved, consult the warranty information for potential replacement or repair. You can contact the manufacturer or refer to the user manual for additional guidance.

Pros and Cons

Pros	Cons
Versatile multi-tool functionality	May be heavier than standard pens
Durable construction	Some users may find it bulky
Affordable price	Limited color options
Ideal for self-defense	Requires regular maintenance

Warranty

The TF TAKEFLIGHT TF02 comes with a limited warranty covering manufacturing defects. For warranty claims, retain your receipt and contact customer service for assistance.

FAQs

What is the primary function of the TF TAKEFLIGHT TF02 Multi Tool Survival Pen?

The TF TAKEFLIGHT TF02 Multi Tool Survival Pen combines multiple tools, including a ballpoint pen, flashlight, glass breaker, and a multi-tool for various tasks.

What battery does the flashlight in the TF TAKEFLIGHT TF02 require?

The flashlight in the TF TAKEFLIGHT TF02 requires 1 x AAA battery, which is not included in the package.

What materials are used in the construction of the TF TAKEFLIGHT TF02 pen?

The TF TAKEFLIGHT TF02 is made from durable, aircraft-grade aluminum, ensuring it is lightweight yet sturdy.

How long is the TF TAKEFLIGHT TF02 pen when folded?

The TF TAKEFLIGHT TF02 pen is approximately 5-6 inches in length when folded, making it easy to carry in your pocket.

What additional components are included with the TF TAKEFLIGHT TF02 pen?

The TF TAKEFLIGHT TF02 includes a flashlight and a set of batteries, although the flashlight requires an additional 1 x AAA battery.

How bright is the flashlight on the TF TAKEFLIGHT TF02?

The flashlight on the TF TAKEFLIGHT TF02 is powerful enough to provide useful illumination in dark conditions, ideal for emergency use.

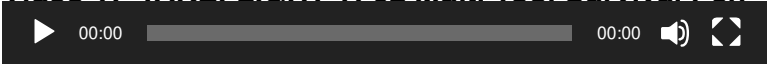

How does the glass breaker on the TF TAKEFLIGHT TF02 work?

The TF TAKEFLIGHT TF02 features a tungsten carbide glass breaker tip that can be used to break glass in emergencies, such as escaping from a car.

What other tools are included in the TF TAKEFLIGHT TF02 besides the flashlight and pen?

Besides the flashlight and pen, the TF TAKEFLIGHT TF02 includes a flathead screwdriver, bottle opener, and a glass breaker.
