Cutting Net

Use and Care Manual

Installation: Follow the instructions provided and install it step by step.

Use: According to personal preferences and practice needs, choose the appropriate training method (such as target cutting, distance control, etc.).

Clean: Periodically wipe the surface of the cutting net with a soft cloth to remove dust and stains.

Check: Check regularly whether the fixing nails of the cutting net are loose or damaged, and replace them in time if necessary. If the cutting net is found to be damaged or worn, please repair or replace it in time to avoid affecting the use effect.

Storage: Do not place heavy or sharp objects on the cutting net to avoid cutting or damaging the material. When using the cutting net, please pay attention to safety to avoid accidents.
