- Close by rotating A's until out of alignment.

Operating Instructions

LED ACCENT LIGHTS

– Manual Operation When the battery is fully charged. turn ON each puck by lightly touching the V triangle mark on the puck side. Repeat touch the triangle mark to turn the unit OFF. Light brightness will default to previous settings.

LED ACCENT LIGHTS – Remote Control Operation

The remote control unit will operate lights within a 7 m / 21 ft range. Once the battery is fully charged turn all lights ON by pointing the remote control towards the sensor. Use the DIMMER and TIMER functions by pointing the remote control towards the sensor and selecting the desired function.

ADDING LIGHTS TO A SET

Up to 48 lights may be controlled by one remote control. No programming is needed. Any similar puck lights will be controlled when placed within the range of the remote control's signal.

Mounting Instructions

LED ACCENT LIGHTS – Adhesive Mounting Pads Included* Remove the protective paper on one side of the Mounting Pad and apply to the battery cover (use caution as the adhesive is very strong). Position the light in the desired location. Remove the second protective paper and apply pressure to set the adhesive. Once applied the light is permanently mounted. * This is a permanent tape that may cause damage if removed. Not recommended for use on wallpaper or delicate surfaces.

WARNING

1. This product is not a toy and contains small parts. Close supervision is necessary when this unit is used near

children.

2. To reduce the risk of electrical shock, do not put the unit in water or other liquid. For cleaning, use a soft dry cloth. Do not place or store appliances where it can fall or be pulled into a tub or sink.

NOTE:

This equipment has been tested and found to comply with the limits for a Class B Digital Device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation this equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the distance between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: 1)This device may not cause harmful interference. 2)This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

One Year Limited Warranty

www.thovas.net , warrants to the original retail purchaser, that this product is free of defects in material and workmanship for a period of up to one year from date of original purchase.
