Ticent Football 3D Desk Lamp

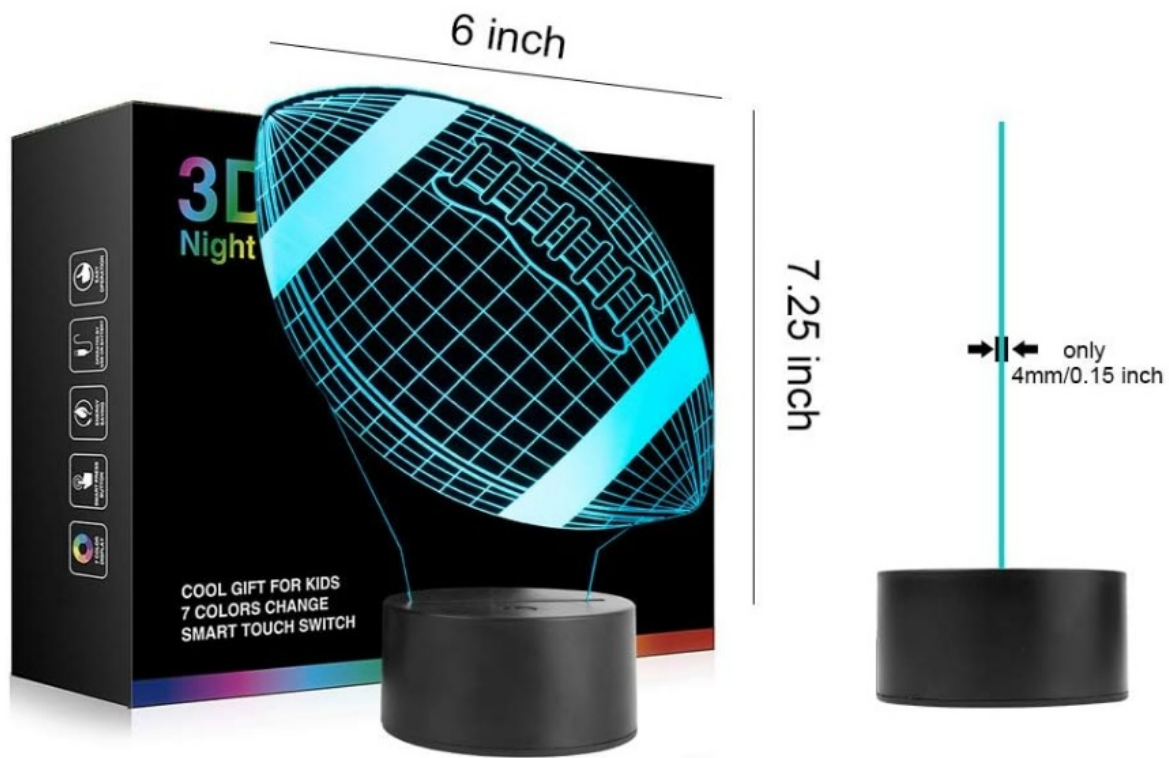

INTRODUCTION

A fun and creative night light made specifically for kids and sports fans is the Ticent Football 3D Desk Lamp. This lamp's eye-catching 3D illusion effect turns any study area or bedroom into a vibrant, sports-themed retreat. For boys, girls, or football fans of all ages, it's the perfect gift for birthdays, Christmas, or other holidays. The lamp is made of toy-grade ABS plastic for increased safety, has seven vivid color options, and is simple to touch control. It is ideal for kids' rooms because it features energy-efficient LED technology that stays cool to the touch. At just **\$12.99**, it is reasonably priced, compact, weighs only 0.5 pounds, and is 0.15" D x 6" W x 7.25" H inches. This night light, which was produced by Ticent and introduced in late 2020, adds ornamental flair and useful lighting to any area with a sporty edge.

Touch to open

The lamp powered by batteries and you can put it in any place you want.
(Use 3 AAA batteries)

Micro USB
electricity supply

Product description

3D Illusion Smart Touch Night Light with 7 Color Change, a Pretty Unique and Fun Gift for Men, Boys, and Friends. These days, whether it's a birthday, new baby, Christmas, or simply a thank-you gift, everyone is searching for something a little different. We believe that we have something DIFFERENT for you here. It is quite basic yet works well as a mood light, night light, or as décor for your home or place of business. A two-dimensional image is brought to life with the Ticent line of 3D illusion lights. A thin sheet of acrylic glass that has been laser-cut to provide a 3D light-emitting effect is used to make all of our lights. See through during the day, yet when the light is on and the darkness falls, it produces a stunning optical illusion that is both useful and a fantastic piece of design that will appeal to all.

Key attributes:

- 0.5W of power and 5V of voltage
- About 0.35 kg in weight; 0.012 kW/24 hours of power consumption; 10,000 hours of LED life

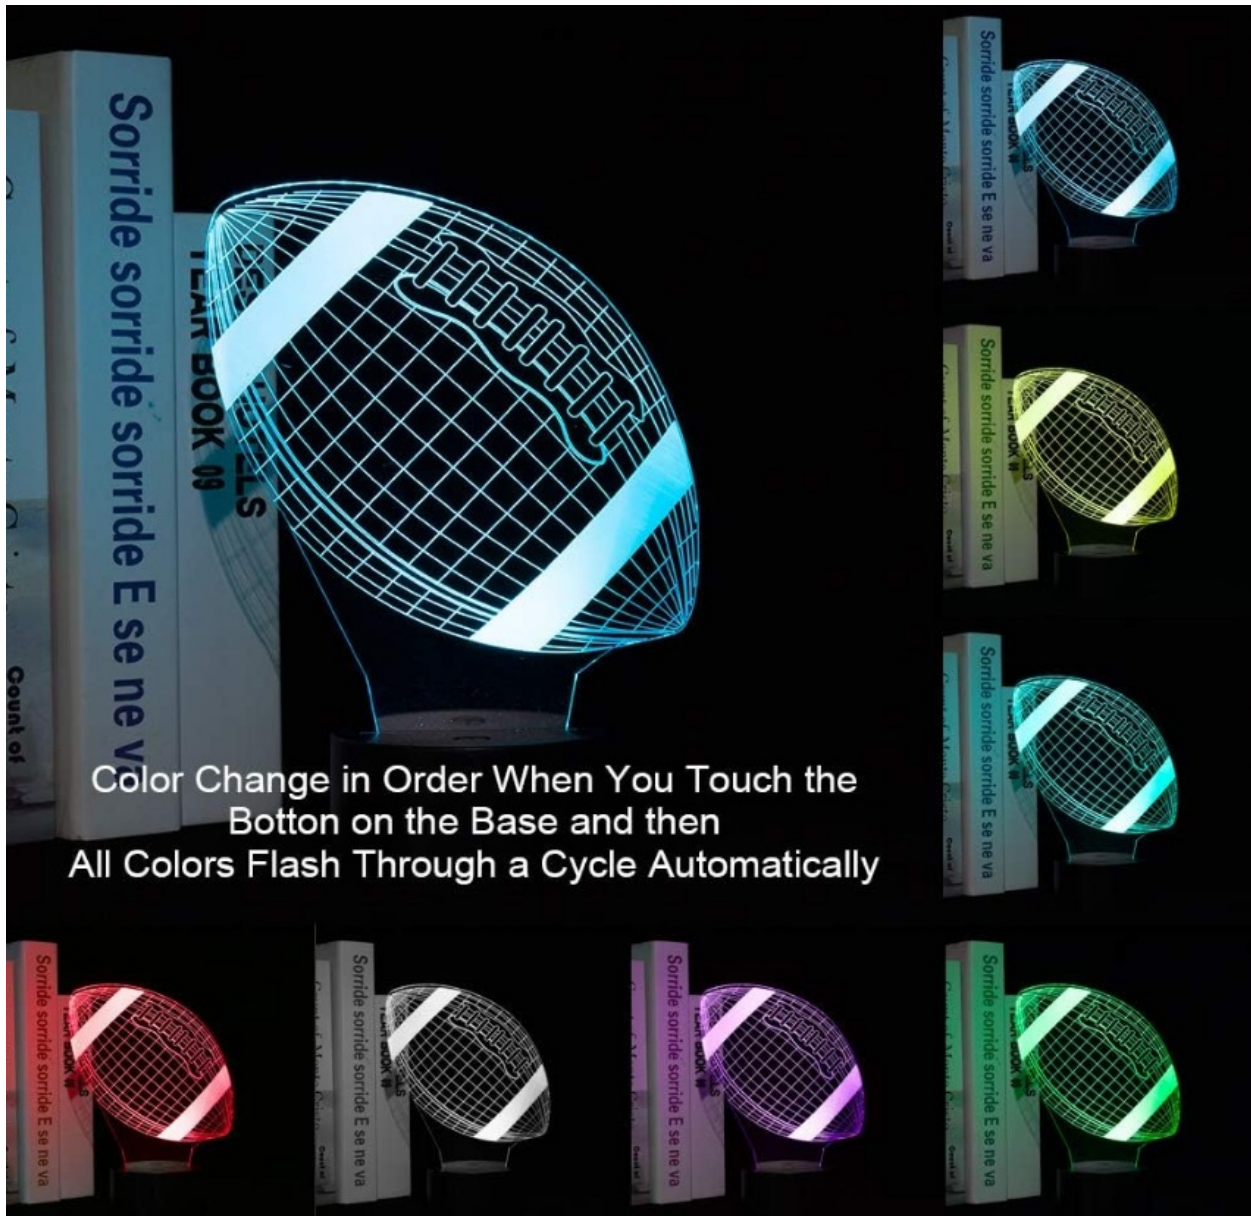

- Acrylic is the panel's material.
- **Size of base:** approximately 87*87*43 mm; size of package: approximately 26*20*6 cm

HOW TO USE

1. Place the acrylic panel within the LED base.
2. Use a USB cord to connect the 3D light to the power source.

3. To select the color and operating mode, press the touch button.

Note:

The Auto Color Changing Mode is Color Slowly Gradient. The light will automatically switch to the color-changing mode when you touch the switch after seven single colors.

WHAT'S IN THE BOX

- One acrylic flat
- One ABS base
- One USB cable
- One manual

TROUBLESHOOTING

Issue	Possible Cause	Solution
Lamp won't power on	Power not connected	Check USB cable or insert fresh A A batteries
Only one color showing	Set to fixed mode	Tap base to change or cycle through colors
Touch sensor not working	Dirty or oily surface	Clean touch area with a dry cloth
Flickering light	Weak battery or unstable power	Replace batteries or switch to USB power
Colors not changing automatically	Manual mode active	Tap the sensor multiple times to enable auto cycle
Dull brightness	Protective film still attached	Remove protective film from the acrylic panel
Panel not lighting up	Loose or incorrect panel placement	Ensure the panel is inserted securely in base slot
Intermittent shutoff	Faulty power connection	Use a stable power source and secure cable
No 3D effect visible	Improper lighting environment	Use in dimmer surroundings for full illusion
Touch button delays	Static buildup or moisture	Wipe with dry cloth and restart the lamp

PROS & CONS

PROS

- Eye-catching 3D football illusion design
- Touch control for easy operation
- Safe and cool-to-touch LED light
- Multiple colors to match mood or decor
- Perfect gift for young football fans

CONS

- Limited brightness not ideal for reading
- Batteries not included in the package
- No remote control feature
- Must avoid water or moisture exposure
- Single lighting level without dimming option

WARRANTY

The Ticent Football 3D Desk Lamp typically comes with a limited manufacturer's warranty covering defects in materials or workmanship. This warranty ensures peace of mind for buyers by allowing for returns or replacements within a specific period if the product fails under normal usage. Customers are advised to retain proof of purchase and original packaging for warranty claims. Damage caused by mishandling, water, or unauthorized modifications is not covered under the warranty.

FREQUENTLY ASKED QUESTIONS

What kind of lighting effect does the Ticent Football 3D Lamp provide?

The lamp produces a 3D holographic illusion effect, creating the visual appearance of a floating football with dynamic lighting.

How many color options are available on the Ticent Football 3D Desk Lamp?

It offers 7 solid colors plus 1 automatic gradual color-changing mode, giving you 8 lighting modes in total.

How do I switch colors on the Ticent Football 3D Lamp?

The lamp uses a smart touch sensor. Simply press the button on the base to cycle through colors or activate the auto-changing mode.

What powers the Ticent Football 3D Desk Lamp?

It can be powered via USB cable or 3 AA batteries (not included), offering flexibility for bedside or travel use.

Why is the 3D image on my Ticent Football Lamp unclear or dull?

Make sure to remove the protective film from the acrylic panel. This film often reduces clarity and brightness if left on.

My Ticent Football 3D Lamp isn't turning on. What should I check?

Confirm the USB cable is properly connected, or check the battery compartment for correct orientation and working batteries.

The touch button on the Ticent Football Lamp doesn't seem to work. What can I do?

Try tapping gently but firmly on the base. If there no response, ensure it's plugged in or that the batteries aren't dead or loose.
