Elite Prox Proximity Time Clock System

A speedy start to the work day.

The TTPROX EK Proximity Time Clock System simplifies and automates employee time and attendance processing. The system uses RFID proximity badges to instantly record employee punches. Keypad enables optional supervisor-approved pin number entry. Manages weekly, bi-weekly, semi-monthly, or monthly pay periods. Includes TimeTrax™ time and attendance software download and 15 proximity badges. Edit employee time cards and run reports, including Time Card, Attendance, Employee Punch, Detail Payroll, Employee Detail, Hourly Summary and Employee Seniority reports. Automatically calculates employee hours, overtime and holiday hours. Creates export files for most major payroll provider, including ADP, Fidelity®, Heartland®. Directly syncs with Quickbooks®, and PayChex Preview®. Simple to setup and easy to expand with employee upgrade packages, additional

- Reads Radio Frequency Identification (RFID) proximity badge and key fobs
- Audible beep and card number screen display confirms successful employee punch
