# Ting Shen

**Ting Shen TS-TD15AN Remote Controller**

## Product Information

### Specifications

- Main test model: TS-TD15AN
- Button Configuration:
  - Button 1, Button 2, Button 5, Button 8, Button 11, Button 14
  - Button 3, Button 4, Button 6, Button 7, Button 9, Button 10, Button 12, Button 13
  - Button 15
- Foot Switch Model: TS-TD15AN

### Instruction Manual For Remote Controller

The power On/Off functions and lighting modes can be controlled with either the remote control or the foot pedal.

**Main test model:TS-TD15AN**

#### Model: TS-TD15AN

Caution: The user is cautioned that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

#### Fcc Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

#### FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

## Frequently Asked Questions

**Q: What should I do if the equipment causes interference?**

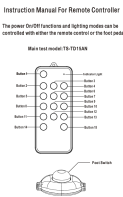

**A:** If interference occurs, try the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment to a different outlet circuit than the receiver.
4. Consult the dealer or a radio/TV technician for assistance.

**Q: What is the FCC Radiation Exposure Statement?**

**A:** The equipment complies with FCC radiation exposure limits for uncontrolled environments. Do not co-locate or operate this transmitter with other antennas or transmitters.
