Introduction

The Tocirelo 11-Electric Moving Pet Kicker Exercise Toy is a fun and unique cat toy that is made to make your pet's natural senses stronger. The toy's moving parts make it seem like a real fish, which makes cats want to chase, pounce, and play with it. The toy's rechargeable battery lets you play with it for hours without having to deal with single-use cells. As the toy is made of long-lasting cotton, cats can play with it without any harm. Adding catnip makes it even more appealing, which will keep your cat busy and happy. The Tocirelo 11-Electric Moving Pet Kicker makes sure that your cat gets the exercise and mental stimulation it needs, no matter what kind of kicker it is.

Features

- **Electric Moving Mechanism:** The Tocirelo 11-Electric Moving Pet Kicker is driven by an electric motor that makes it move in unpredictable ways, like how small animals that are prey move around. This fun feature will keep your pet interested because it moves like real animals, which will get their attention and make them want to hunt.
- **Adjustable Speed Settings:** This toy has different speed settings so you can make the movement fit the way your pet likes to play. You can change the speeds to slow, medium, or fast to keep your pet interesting and busy. The jerky movements will keep changing to mirror the unpredictable nature of the prey, which will keep your pet entertained for longer.
- **Battery That Can Be Charged Again:** The Tocirelo 11-Electric Moving Pet Kicker comes with a battery that

can be charged again. This gets rid of the need for single-use batteries, which saves money and is better for the world. With a USB connection, you can charge the toy and have hours of fun. The battery lasts a long time, so your pet can play for a long time.

- **Durable Construction:** The Tocirelo 11-Electric Moving Pet Kicker is made with high-quality plastic and cloth, so it can handle daily use and rough play. The toy will stay together even if your pet bites, scratches, or hits it hard because the materials are strong. For cats, it's safe, and claws or rough play won't damage it.

- **Encourages Exercise:** The Tocirelo 11-Electric Moving Pet Kicker helps to encourage exercise by letting your pet run, pounce, and bat at the moving toy. You can keep your cat or small dog fit, healthy, and mentally active by playing with them often. This toy is a great way to keep kids from being bored and bad behavior while also making them healthier overall.
- All of the parts that went into making the Tocirelo 11-Electric Moving Pet Kicker are safe for your pets and won't hurt them. The toy is made to be safe for pets and doesn't contain any dangerous materials, so your pet can play with it without worrying about getting hurt. Small dogs and cats of all shapes and sizes can use it.
- **Interactive Cat Toy:** The Tocirelo 11-Electric Moving Pet Kicker is a fun and interactive toy for cats. It moves in ways that will interest your pet and keep them busy for hours. You can use it at home or when you're not there to give your cat or small dog something to do, which will keep them busy and calm.
- **Pet fish toys with catnip (optional):** You can add more fun to the game by putting a catnip pouch inside the toy. Our catnip-scented toys get your pet to play more and are more interested in them because of the smell. Catnip also helps reduce stress and makes cats feel calm after playing.
- The Tocirelo 11-Electric Moving Pet Kicker is washable and easy to clean. It was made with cleanliness in mind. The toy has a cover that can be taken off and cleaned easily. Simply take out the motor and catnip pouch, then wash the fabric cover as needed to keep the toy clean and fresh for your pet's continued enjoyment.
- **Realistic Design:** The toy, especially the catnip fish addition that can be bought separately, has a 3D simulation pattern and bright color details that make it look like real prey. The design makes it more realistic, which gets your pet's senses involved and makes playing more fun and interactive.

Extra Information About the Interactive Fish Toy (Not Required):

- **Motion sensors for touch:**

The fish has touch and motion devices built right in. When your pet touches it, the fish starts to wiggle and make sound, imitating the movements of real prey. After a period of inactivity, the toy automatically enters sleep mode to conserve battery.

- **USB Rechargeable:**

The fish toy is USB rechargeable. Simply open the zipper, plug in the USB cable, and recharge the toy. The motor is removable, making it easy to clean the toy's fabric cover.

- **Safe and Durable Materials:**

The fish toy is made from high-quality cotton cloth and short plush material, ensuring it's both safe and soft for your pet to interact with. It's designed to withstand vigorous play, including pawing, kicking, and biting, without damaging the toy.

- **Catnip Pouch for Extra Fun:**

A pouch of catnip is included with the toy to help attract and stimulate your cat further. Placing the catnip inside the toy will encourage your pet to play more and help relieve stress or anxiety.

- **Quiet Operation:**

The motor in the toy is slightly audible when the fish moves, but it's quieter when used on carpeted surfaces. It is designed to be non-disruptive while still providing enough movement to capture your pet's attention.

Usage

1. **Charging the Toy:** Begin by charging the Tocirelo 11-Electric Moving Pet Kicker using the provided USB cable.

Allow it to fully charge for the best performance.

2. **Turning the Toy On** Once charged, turn the toy on by pressing the power button. Use the speed settings to adjust the movement to your cat's or small dog's preference.
3. **Interactive Play:** Place the toy on a flat surface and let your pet chase after the kicker as it moves erratically. Adjust the speed as needed to maintain your pet's interest.
4. **Safety:** Ensure the toy is on a safe surface, free from obstacles, to avoid damage.

Care and Maintenance

- **Charging:** Make sure to fully charge the Tocirelo 11-Electric Moving Pet Kicker before use. Use the provided USB cable to charge the toy.
- **Cleaning:** Wipe the toy with a damp cloth to clean it. Avoid submerging it in water or using harsh chemicals to prevent damage to the electric components.
- **Battery Maintenance:** When the toy is not in use for an extended period, ensure the battery is fully charged before storing it. Do not overcharge the battery.
- **Storage:** Store the toy in a cool, dry place when not in use. Keep it away from moisture to prevent electrical issues.

Troubleshooting

The toy does not turn on:

- **Solution:** Ensure the toy is fully charged. If the battery is low, plug in the USB cable and charge it for several hours. Try turning it on again after charging.

The toy's movement is slow or jerky:

- **Solution:** Check the battery charge. If the charge is low, recharge the toy. Clean the moving parts of the toy to remove any debris that may be causing friction.

The toy stops moving suddenly:

- **Solution:** The toy may have an automatic shut-off feature to preserve battery life. Allow it to cool down for a few minutes before turning it back on.

Battery not holding charge:

- **Solution:** If the battery is not holding a charge, try charging it using a different USB charger. If the problem persists, the battery may need to be replaced.

Toy makes a strange noise:

- **Solution:** Check if there is any dirt or debris in the moving parts. Gently clean the toy and ensure there is no obstruction.
