tommee tippee 74385006 Twist and Click Advanced Nappy Disposal System

### **Advanced Nappy Disposal System**

Powered by Sangenic – Guaranteed Odour & Germ Protection

#### **Lid Fitting Instructions**

1. Remove the lid from the base unit.
2. Insert the refill cassette into the top of the base unit.
3. Push the cassette down firmly.
4. Pull the film through the center of the cassette.
5. Push the film down into the base unit.
6. Close the lid, ensuring it clicks into place.
7. Check that the lid is securely fitted.
8. Press the button to open the lid.

#### **Instructions for Use**

##### **Step A**

1. Open the box and remove the base unit and lid.
2. Insert the refill cassette into the top of the base unit.
3. Push the cassette down firmly.
4. Close the lid, ensuring it clicks into place.

##### **Step B**

1. Open the lid and pull the film through the center of the cassette.
2. Push the film down into the base unit.
3. Place a nappy into the unit.

4. Twist the handle to wrap the nappy in the film.
5. Close the lid.
6. Press the button to open the lid and repeat as necessary.

### Step C

1. When the unit is full, open the lid and pull up the film.
2. Cut the film using the cutter inside the lid.
3. Tie a knot in the film to seal the nappies inside.
4. Remove the sealed bag of nappies and dispose of it.

Protection	Odour & Germ Protection

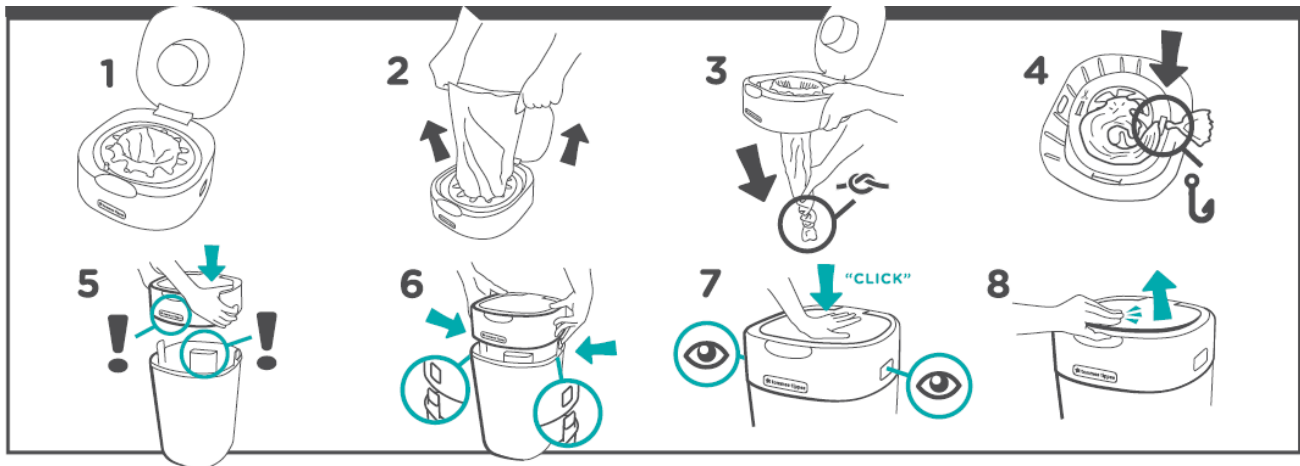

### Important Information

Please read and retain it for future reference. Contact details can be found at [www.tommeetippee.com](http://www.tommeetippee.com).

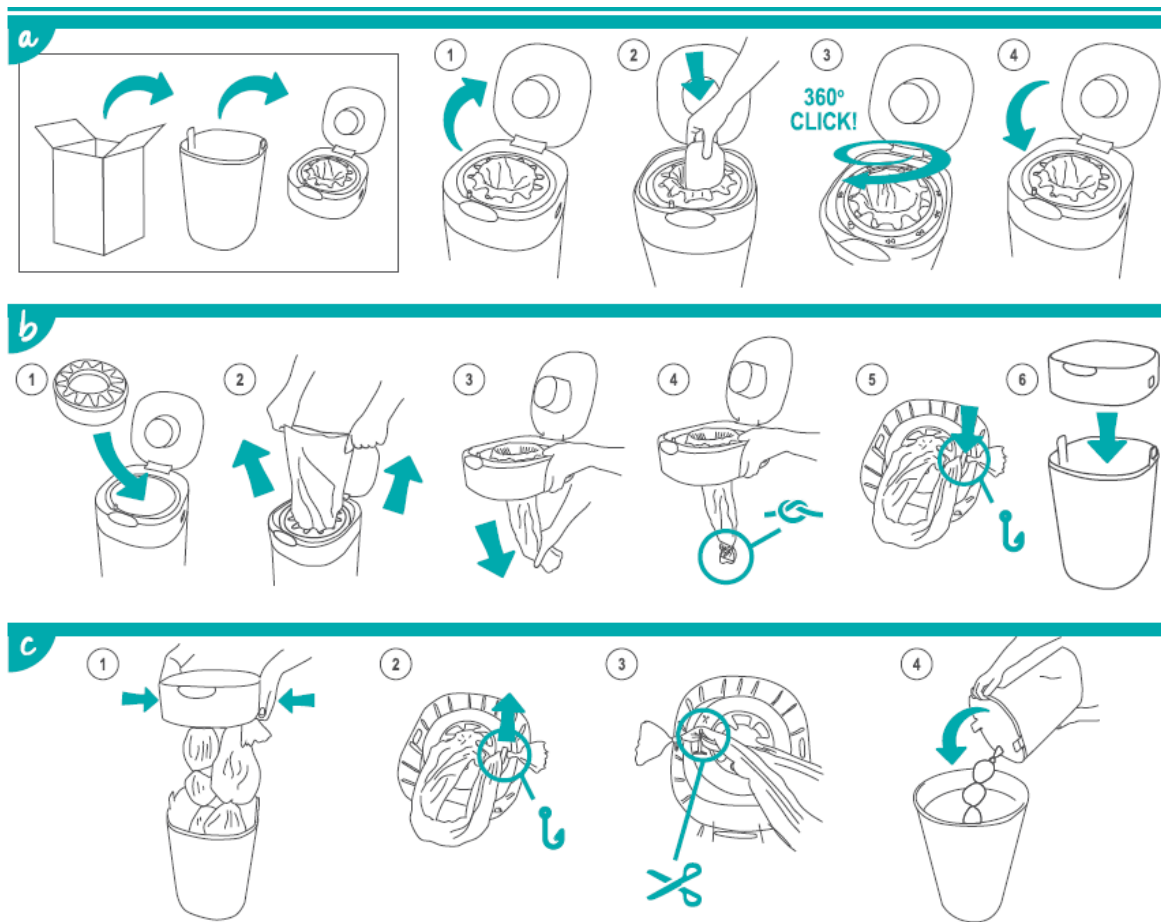

### WARNING

- Plastic film can be dangerous. To avoid the danger of suffocation, keep plastic film away from babies and children. Do not use in cribs, beds, carriages, or playpens. The film used in this product is not a toy.
- For hygiene reasons, it is recommended to empty the bin when it is full, or at least every 3-4 days. Always wash your hands after handling used nappies and the bin.
- To prevent the risk of injury, do not attempt to disassemble the unit other than as instructed in the user guide. If the unit becomes damaged, stop using it immediately and contact customer service.
- For best performance, use only Tommee Tippee Sengenic refill cassettes with this unit. Using other brands of refill cassettes may affect the performance of the unit.
- Dispose of the unit and its components by local regulations. Do not dispose of electrical appliances as unsorted municipal waste. Use separate collection facilities where available.
- This product is covered by a 1-year warranty. For more information, please visit our website.

## Lid fitting instructions

## Instructions for use

Please read and retain it for future reference. Contact details can be found at [www.tommeepee.com](http://www.tommeepee.com).  
**WARNING!** Plastic film can be dangerous. To avoid suffocation keep plastic film away from babies and children. Do not store in or near babies' sleeping areas. To prevent injury, do not attempt to take this unit apart other than to replace the film or empty it. User maintenance other than cleaning is not required. To prevent injury, do not stand or sit on this product. For adult use only. Do not allow your child to play with this product. Do not fill the product with water or other liquids. Serious accidents have occurred to babies and young children when products such as this have been filled with liquid. The cutter blade is very sharp. Keep hands clear of the blade area and be very careful when cutting the film. The film is bio-master-protected to inhibit bacterial growth by up to 99%. Antibacterial protection is present in the film and not the other components of this product. Film is treated with Biomaster silver biocide (Reaction mass of titanium dioxide and silver chloride) tested to ISO 22196:2011. Please use biocides responsibly. Citrus fragrance in cassette will | dissipate over time subject to storage conditions.

## FAQ

**Q: How do I fit the lid onto the base unit?**

A: Follow the steps in the “Lid Fitting Instructions” section to securely fit the lid onto the base unit.

**Q: How do I use the nappy disposal system?**

A: Refer to the “Instructions for Use” section for detailed steps on how to use the system.

**Q: What should I do when the unit is full?**

A: Follow the steps in “Step C” to remove and dispose of the sealed bag of nappies.

**Q: How does the system prevent odors?**

A: The system uses a twist mechanism to wrap each nappy individually in a film, which helps to lock in odors and germs.
